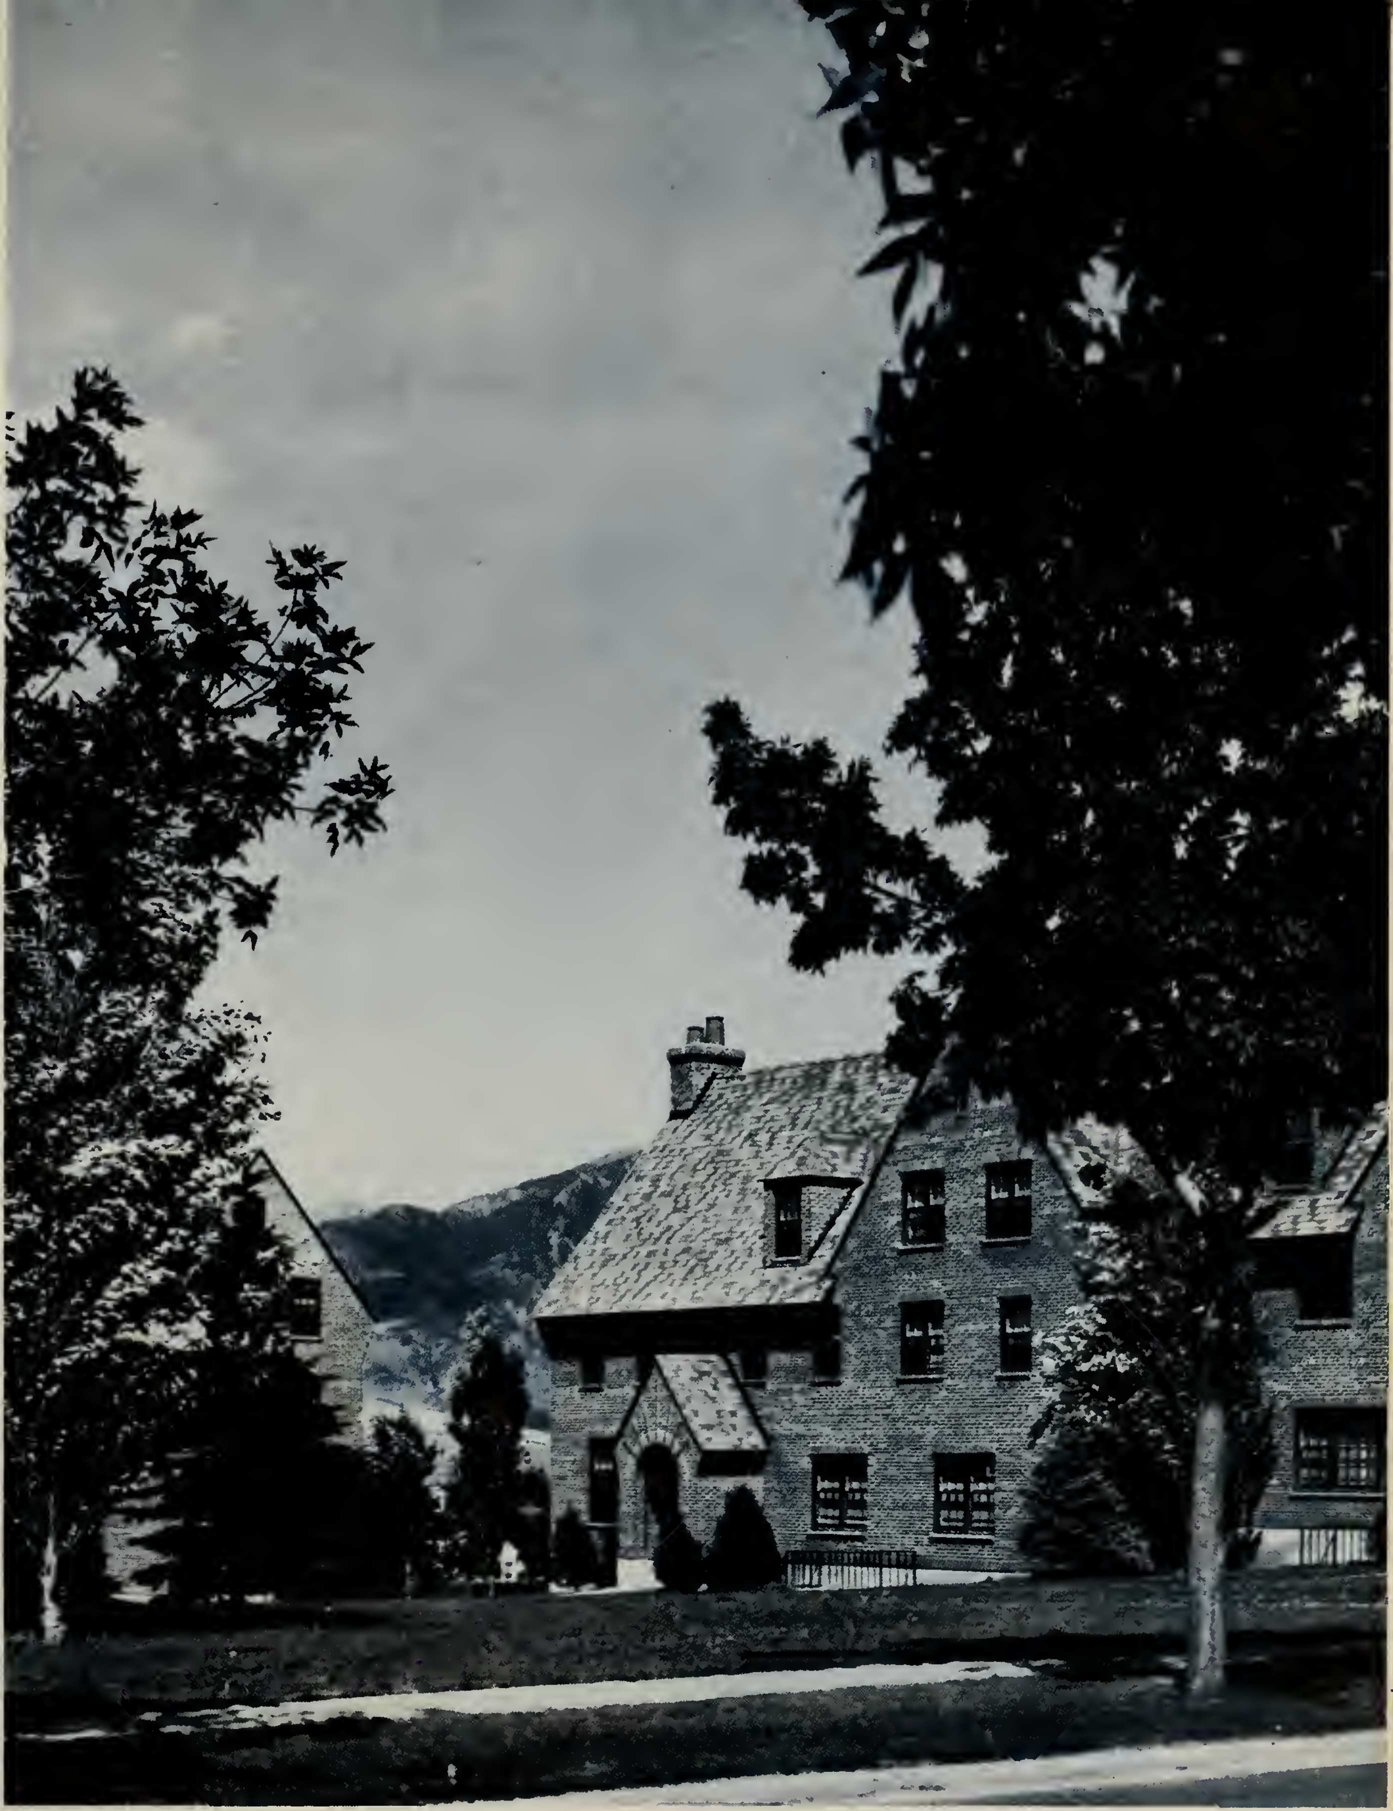
ANAN

LEWIS HALL—has adorned our campus since 1923. It "houses" an array of students interested in bacteriology, botany, zoology, entomology and an occasional history course.



QUADRANGLE—better known as the "Quads" was built in 1935. It is the home of most of the upper-class college coeds. There are two independent units and four sororities (Alpha Gamma Delta, Chi Omega, Delta Gamma, and Pi Beta Phi) housed here.

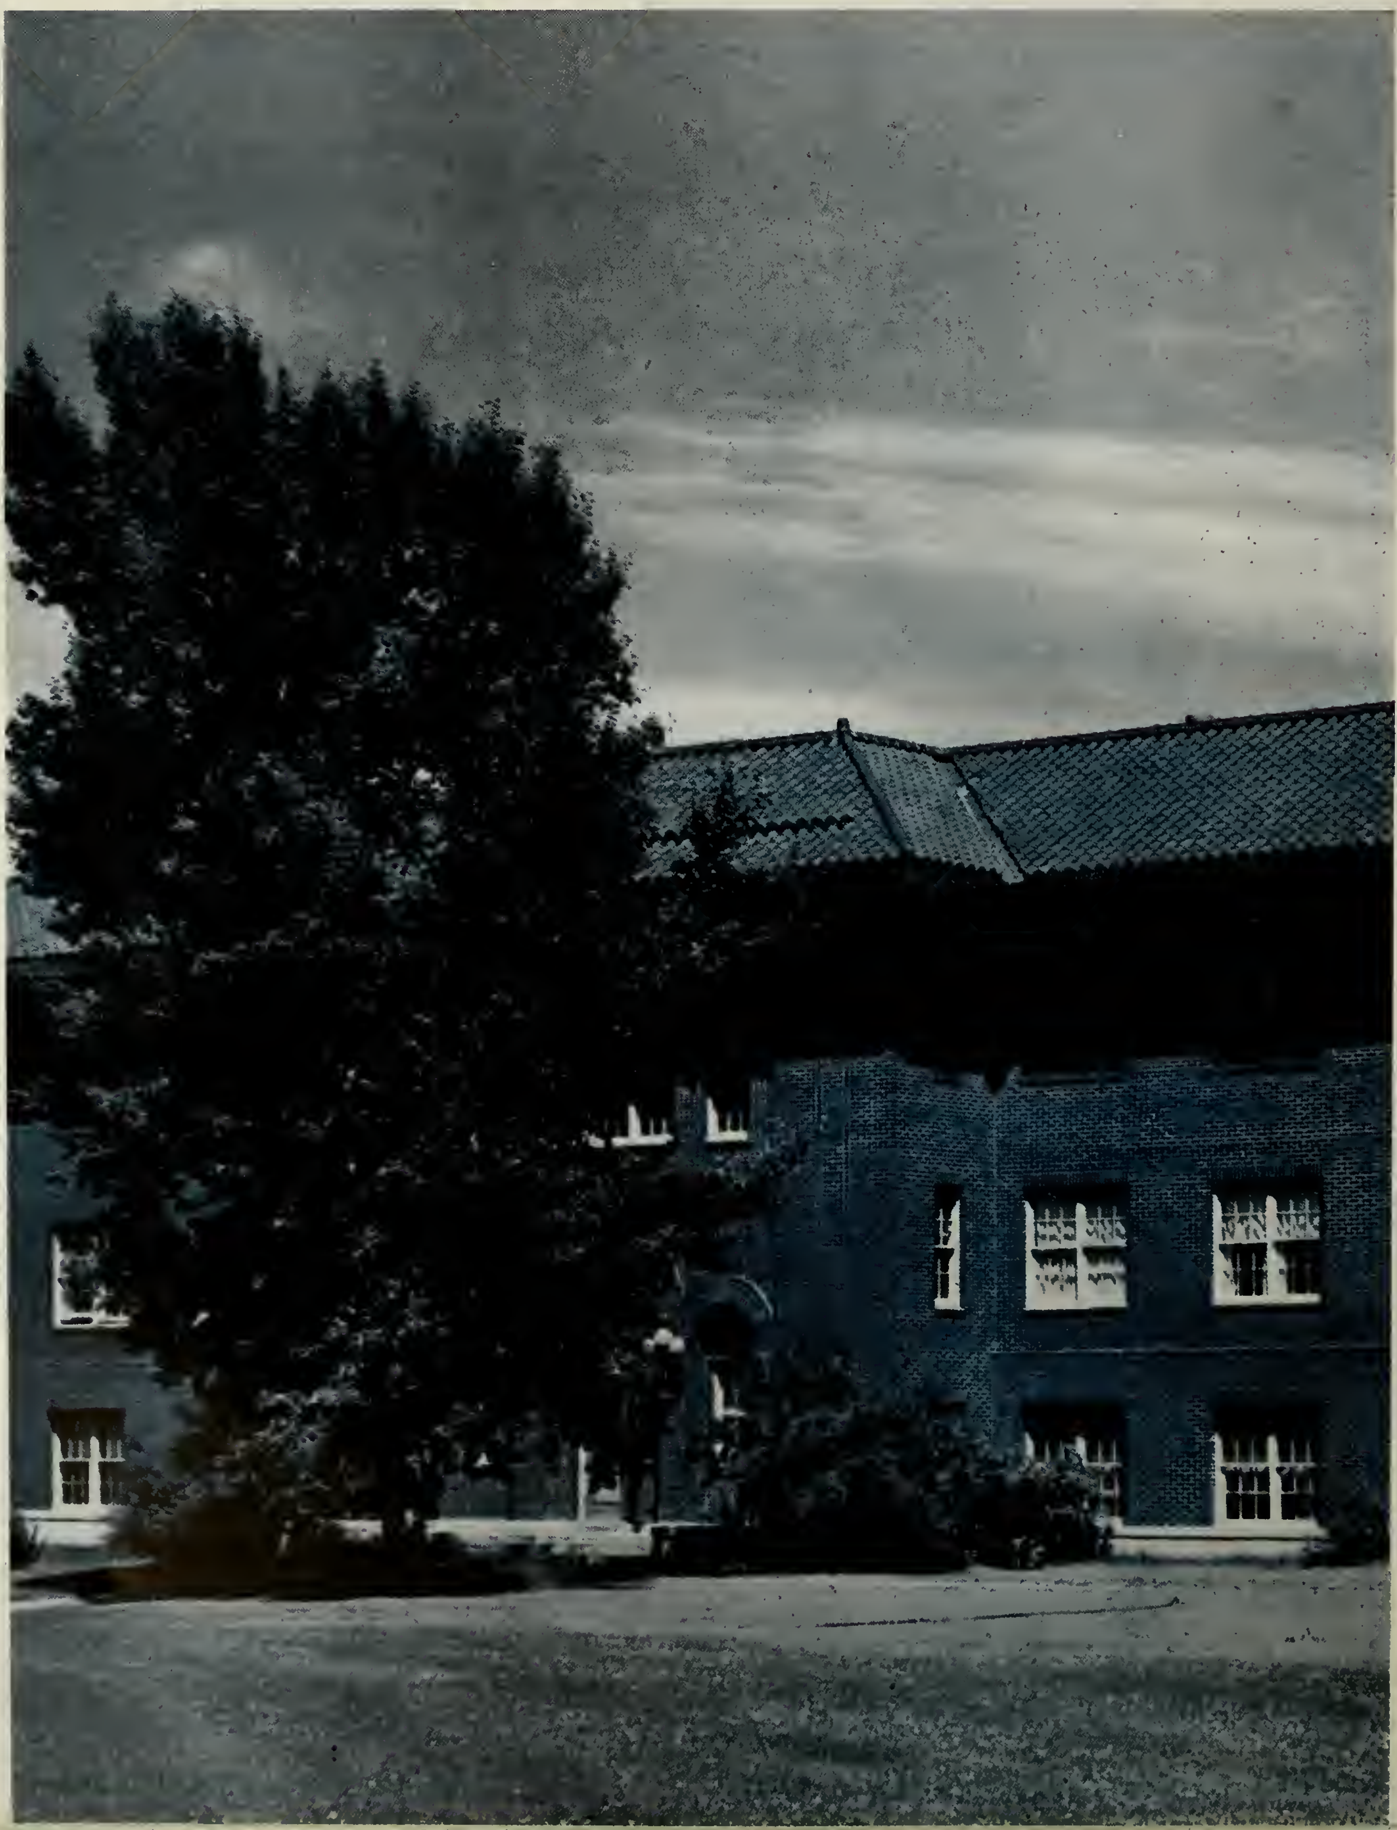
AGRICULTURE BUILDING—commonly called the Ag Building, is the center of knowledge for our prospective agriculturalists. This building appeared on our campus in 1908.

LIBRARY—The newest construction to enhance our campus, opened for use in 1950. Heavy books, oppressive silence, and the intensive concentration of the scholars are present here.

ROBERTS HALL—In 1923 it was constructed as the home of the engineering students. From it go men prepared to meet life with a slide rule.

GYMNASIUM—one of the most visited buildings on our campus since its construction in 1923. It is a center of sports and physical fitness; is the home of our Bobcats.

HERRICK HALL—built in 1926, it has afforded professions to the enthusiasts of its encirclement—art and home economics majors.



MONTANA HALL—the headquarters of administrators, grades, and finances. This stately building has been the center of business since 1898.

Foreword

COLLEGE DAYS—a year at MSC. Its classes, its parties, its assemblies, its tests, its games, its M-days, its teachers, its work, its fun, and its good fellowship. This is what we have tried to put into this one small volume. We have supplied the pictures and the words, you supply the memories. No matter what the future holds, its wars, its peace, its hopes, its shortcomings, your memories are yours forever.

In Memoriam

LOREN STEVENSON

DEAN WILLIAM COBLEIGH

DEAN UNA B. HERRICK

The students of Montana State College respectfully dedicate the 1951 MONTANAN to Dean Emeritus William Merriam Cobleigh who died January 15, 1951.

Dean Cobleigh came to M. S. C. in 1894 and will long be remembered for his contributions to Montana State College and the State of Montana.

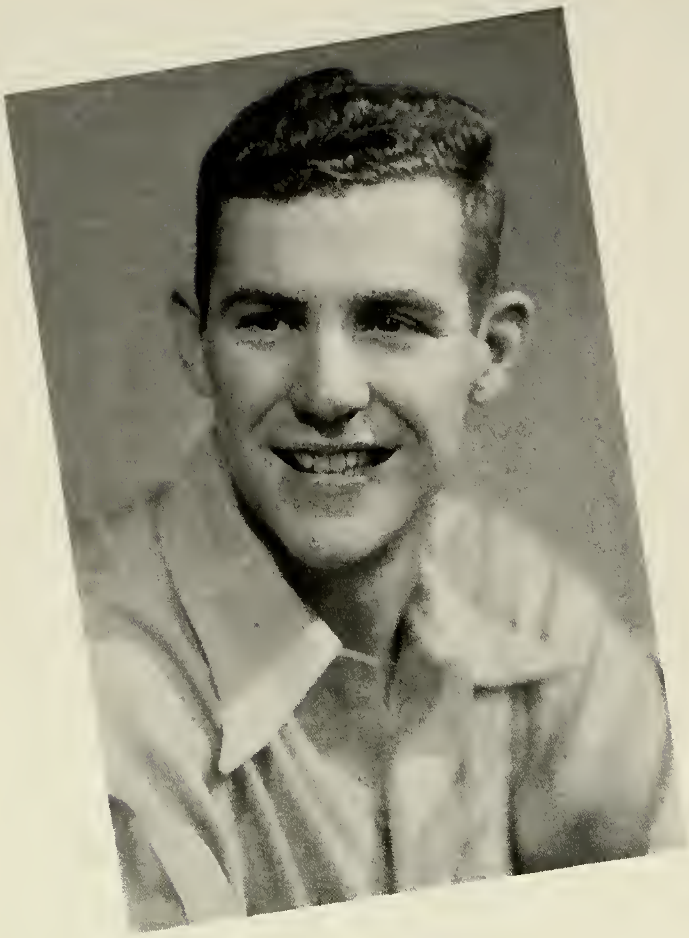
ADMINISTRATION



ALLAN HAMMELL—"Al" is the President of Associated Students, a well liked electrical engineering major from Hamilton, claims membership in Sigma Chi fraternity, was student manager of athletics, member of Tau Beta Pi and Phi Eta Sigma, track team, Septemviri, and he is married.

Associated Students

DWIGHT VADNAIS – "Skinny" is V. P. of the Student Senate, a popular industrial arts major from Shelby, a member of the Lambda Chi Alpha fraternity, active in Sock and Buskin and was a member of the Les Bouffons.

SHIRLEY COLLINS—pert commercial science major from Plentywood, takes minutes for the Student Senate, is an Alpha Gamma Delta Senior, a member of Square and Compass, and denotes teaching as her life profession, "publicly."

ASSOCIATED STUDENTS—In the spring of 1931 the Senate of the Associated Students of Montana State College was commissioned to prepare a complete student handbook containing the essential information regarding student life and the activities of Montana State College. It has as its governing body the Student Senate, which spends student activity fee for forensics, athletics, Student Union, student publications, dramatics, student health service and all student participation programs, and it determines the school's parties.

HAZEL HARDIE is the President of Associated Women Students. She is a popular AOPi, majoring in B and B, a former Spur and Cheer Queen who hails from M.S.C.'s own hometown.

Associated Women Students

BEVERLY FERGUSON is the Vice President of A.W.S. She is a clever AGD senior majoring in B and B and claims Bozeman as her hometown.

JOAN HODGSON is the able and charming secretary of A.W.S. She is a senior B and B major, the President of Pan-Hellenic and hails from Great Falls.

ASSOCIATED WOMEN STUDENTS is the governing body of the campus rules for all women students. It effectively manages Women's Day, which features as guest speaker the most outstanding senior woman of five years ago. This year's speaker is Janice Mayfield Ozimek. On this day many women's honors are presented, and Spur pledges are tapped. A.W.S. also takes care of the Big Little Sister Tea each year.

The Student Senate

THIRD ROW: John Paugh, Bill Arndt, Charles Fahlgren, Larry Blake, Ruane Dunlap, Dick Hansen, Jim Gidley, Bob Fehlberg, Warren Patrick, Bill Lorentz.

SECOND ROW: Perry McCahill, Dave Haynes, Hazel Summers, Sanna Green, Joan Kiff, Hazel Hardie, Alicia Shular, Richard Funke, Dan Crouter, John Rose, Bob Saunders.

FIRST ROW, L. to R.: Allan Hammell, Dwight Vadnais, Pat Miller, Les Curry, Tom Drummond, Don Elwell, Jack Griffiths, Kenneth W. Duncan.

THE STUDENT SENATE is composed of class presidents, the editors of the publications, the president of Fangs and Spurs, the commissioners of various activities, yell queen, president of the Independents, A.W.S. president, the president and vice president of associated students, and other representatives. The Senate directs Freshman Week and High School Week. This group does the planning of student activity fees, and annually finances the statewide tours of three student musical groups. The Senate arranges the traditional "M" Days for repairing the "M" and campus cleanup during fall and spring quarters.

The

SECOND ROW, L. to R.: John Baskett, Hugo Eck, James Van Winkle, Jack Wolfe.
FIRST ROW, L. to R.: Mildred Leigh, Katherine Roy, Joan Kiff.

THE STUDENT UNION BOARD

The Student Union Board has been in effect since one and a half years before the Union opened for business in September 1940. The committee is composed of three faculty and three student members. This board has the responsibility of making policies for operation of the building.

THE BOARD OF PUBLICATIONS

The Board of Publications is composed of the commissioner of publications, the president of the associated students, the editor-in-chief of each student publication recognized by the Senate, and the faculty advisor appointed by the President to each recognized student publication.

SECOND ROW, L. to R.: Hub White, Louis True, Al Hammell, Bob Felberg, Bill Arndt, Don Elwell.
FIRST ROW, L. to R.: Tom Drummond, Anna Ronning, Ed Hansen, Ed Howard, Bill Reveal, John Paugh.

SECOND ROW, L. to R.: Earl H. Wilson, Don Elwell, Max Carlson.
FIRST ROW, L. to R.: H. C. Cheever, Ed Howard, Bernard Copping.

THE BOOK STORE BOARD

The Book Store Board has the responsibility of providing students with books of all kinds and descriptions. Besides academic supplies, other small items that students are interested in are provided.

The Book Store has its home in the Student Union; it is a student owned corporation, and all of the clerks are students.

Committees

SECOND ROW, L. to R.: Cyril H. Conrad, Howard H. Dean, Gene Hockett, L. O. Binder, Rickey Weinberg, Jackie Pettyjohn.
FIRST ROW, L. to R.: Robert G. Dunbar, John W. Hurst, Martha L. Hawksworth, Bertha Clow, Lesley M. Heathcote, Milford Franks, Charles Falhgren.

THE CURRICULA AND INSTRUCTION COMMITTEE

The Curricula and Instruction Committee is a committee that studies problems in higher education; it calls the attention of the faculty to new developments in collegiate education. This year the committee is studying the possibilities of a regional summer school, and the courtship and marriage course on the campus.

SECOND ROW, L. to R.: Gail Stensland, Dwight B. Vadnais, Ruane D. Dunlap.
FIRST ROW, L. to R.: M. E. Brookhart, Donna Doran, Jean Heidt, R. C. Challender.

THE STUDENT FACULTY RELATIONS COMMITTEE

The Student Faculty Relations is a committee composed of faculty members, appointed by the President and student members appointed by the president of the student body. This committee can receive suggestions or gripes from anyone on the campus, the only stipulation is that they must be signed.

THE STUDENT FACULTY SOCIAL COMMITTEE

The Student Faculty Social Committee has members of the faculty and of the student body who have the final say in enforcing student rules whenever an occasion arises to do so. This committee has the task of suspending organizations for breaking rules; it lays down rules that aren't laid down; it is the supreme court of student affairs.

SECOND ROW, L. to R.: Ruane D. Dunlap, Robert M. Miller.
FIRST ROW, L. to R.: A. B. Oviatt, Beverly Baringer, Valarie Glynn, R. C. Seibel.

DR. ROLAND R. RENNE came to Montana State College in 1930. At that time he was Assistant Professor of Economics; in 1935 he was promoted to Head of the Economics Department; and in 1939 he was Head of the Department of Agricultural Economics. On July 1, 1944, Dr. Renne was inaugurated President of Montana State College. The detailed and confining duties of his administration have not kept Dr. Renne from continuing his interest in outside affairs. He was appointed a member of the Water Resources Policy Commission by President Truman; he was named a member of the Executive Committee of the Association of Land-Grant Colleges and Universities.

Dr. Renne has proven himself an able administrator with big plans for the future of the school.

P. C. GAINES came to Montana State College in 1923 as an Instructor in Chemistry; in 1941 he was named Professor in that department; in 1946 he was promoted to Professor and Head of the Chemistry Department. Mr. Gaines was inaugurated as Vice President in 1945.

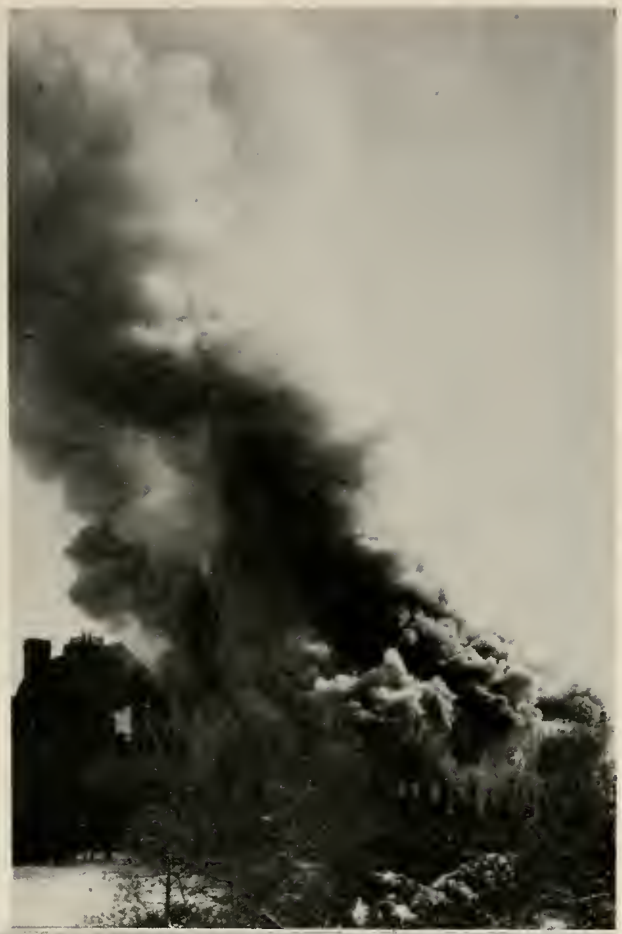
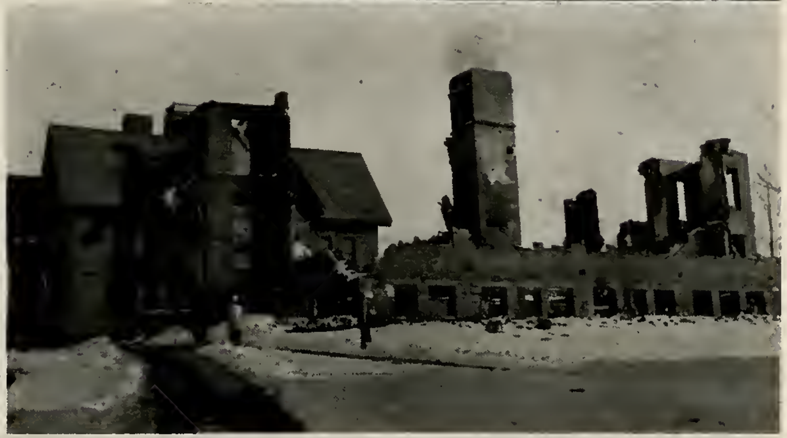
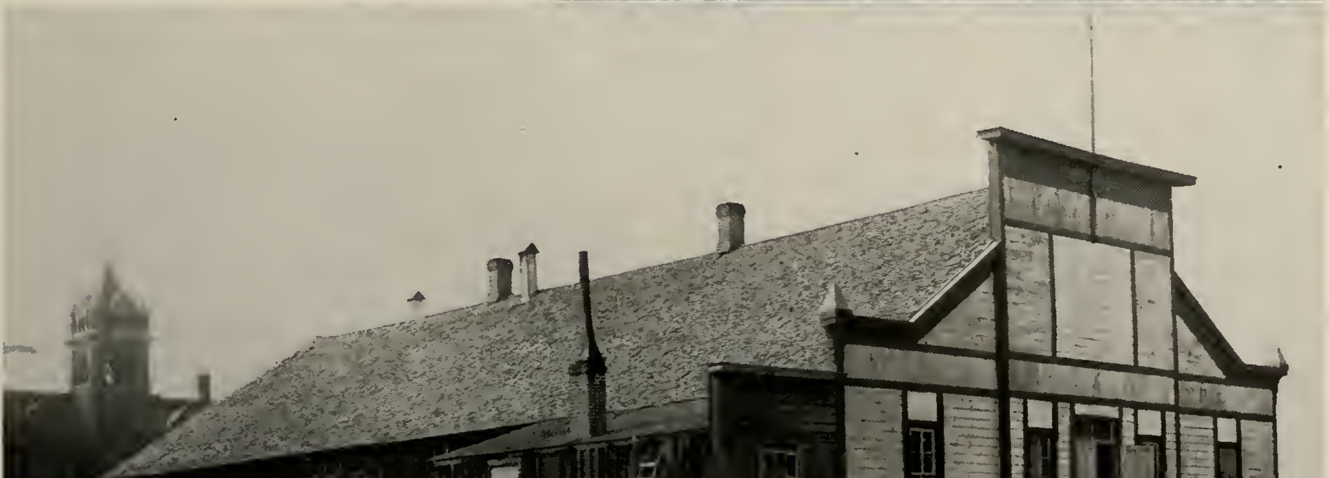
A History Lesson



In October of 1916 smoke bellowed from the roof of M. S. C.'s erstwhile Chemistry building.



The next day this is all that remained of the Chem building. (This could happen to Hamilton Hall.)



From 1893 until the summer of 1898 this building served as the home of M. S. C. The building was originally the Academy building, situated where the Catholic Church now stands.

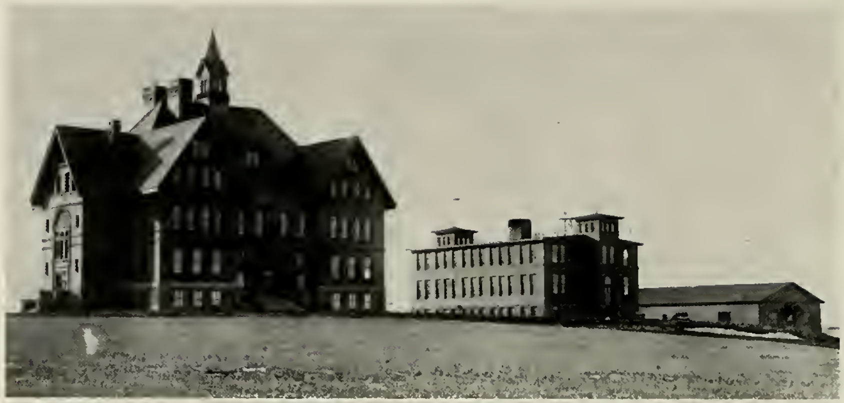
M. S. C. – In Review



M. S. C. in 1899. The entire campus included, Montana Hall, the original Chemistry Building, and the Drill Hall which is now the Stock Pavillion.

By 1911 the Campus had grown to include the Ag Building and Hamilton Hall had just been completed.

M. S. C. has always been noted for its winter's cold and also its winter wonderland. '

With the melting of the winter's snow our campus is transformed into summer splendor.

Following World War 2 there came many new buildings to care for the vast increase in enrollment.

Engineers Night Out

What do you suppose he is looking for?

Hugo, you little canary.

Now boys, that doesn't look very nice.

THIN
G.D. SCHECKLES

Now what do you suppose that thing is?

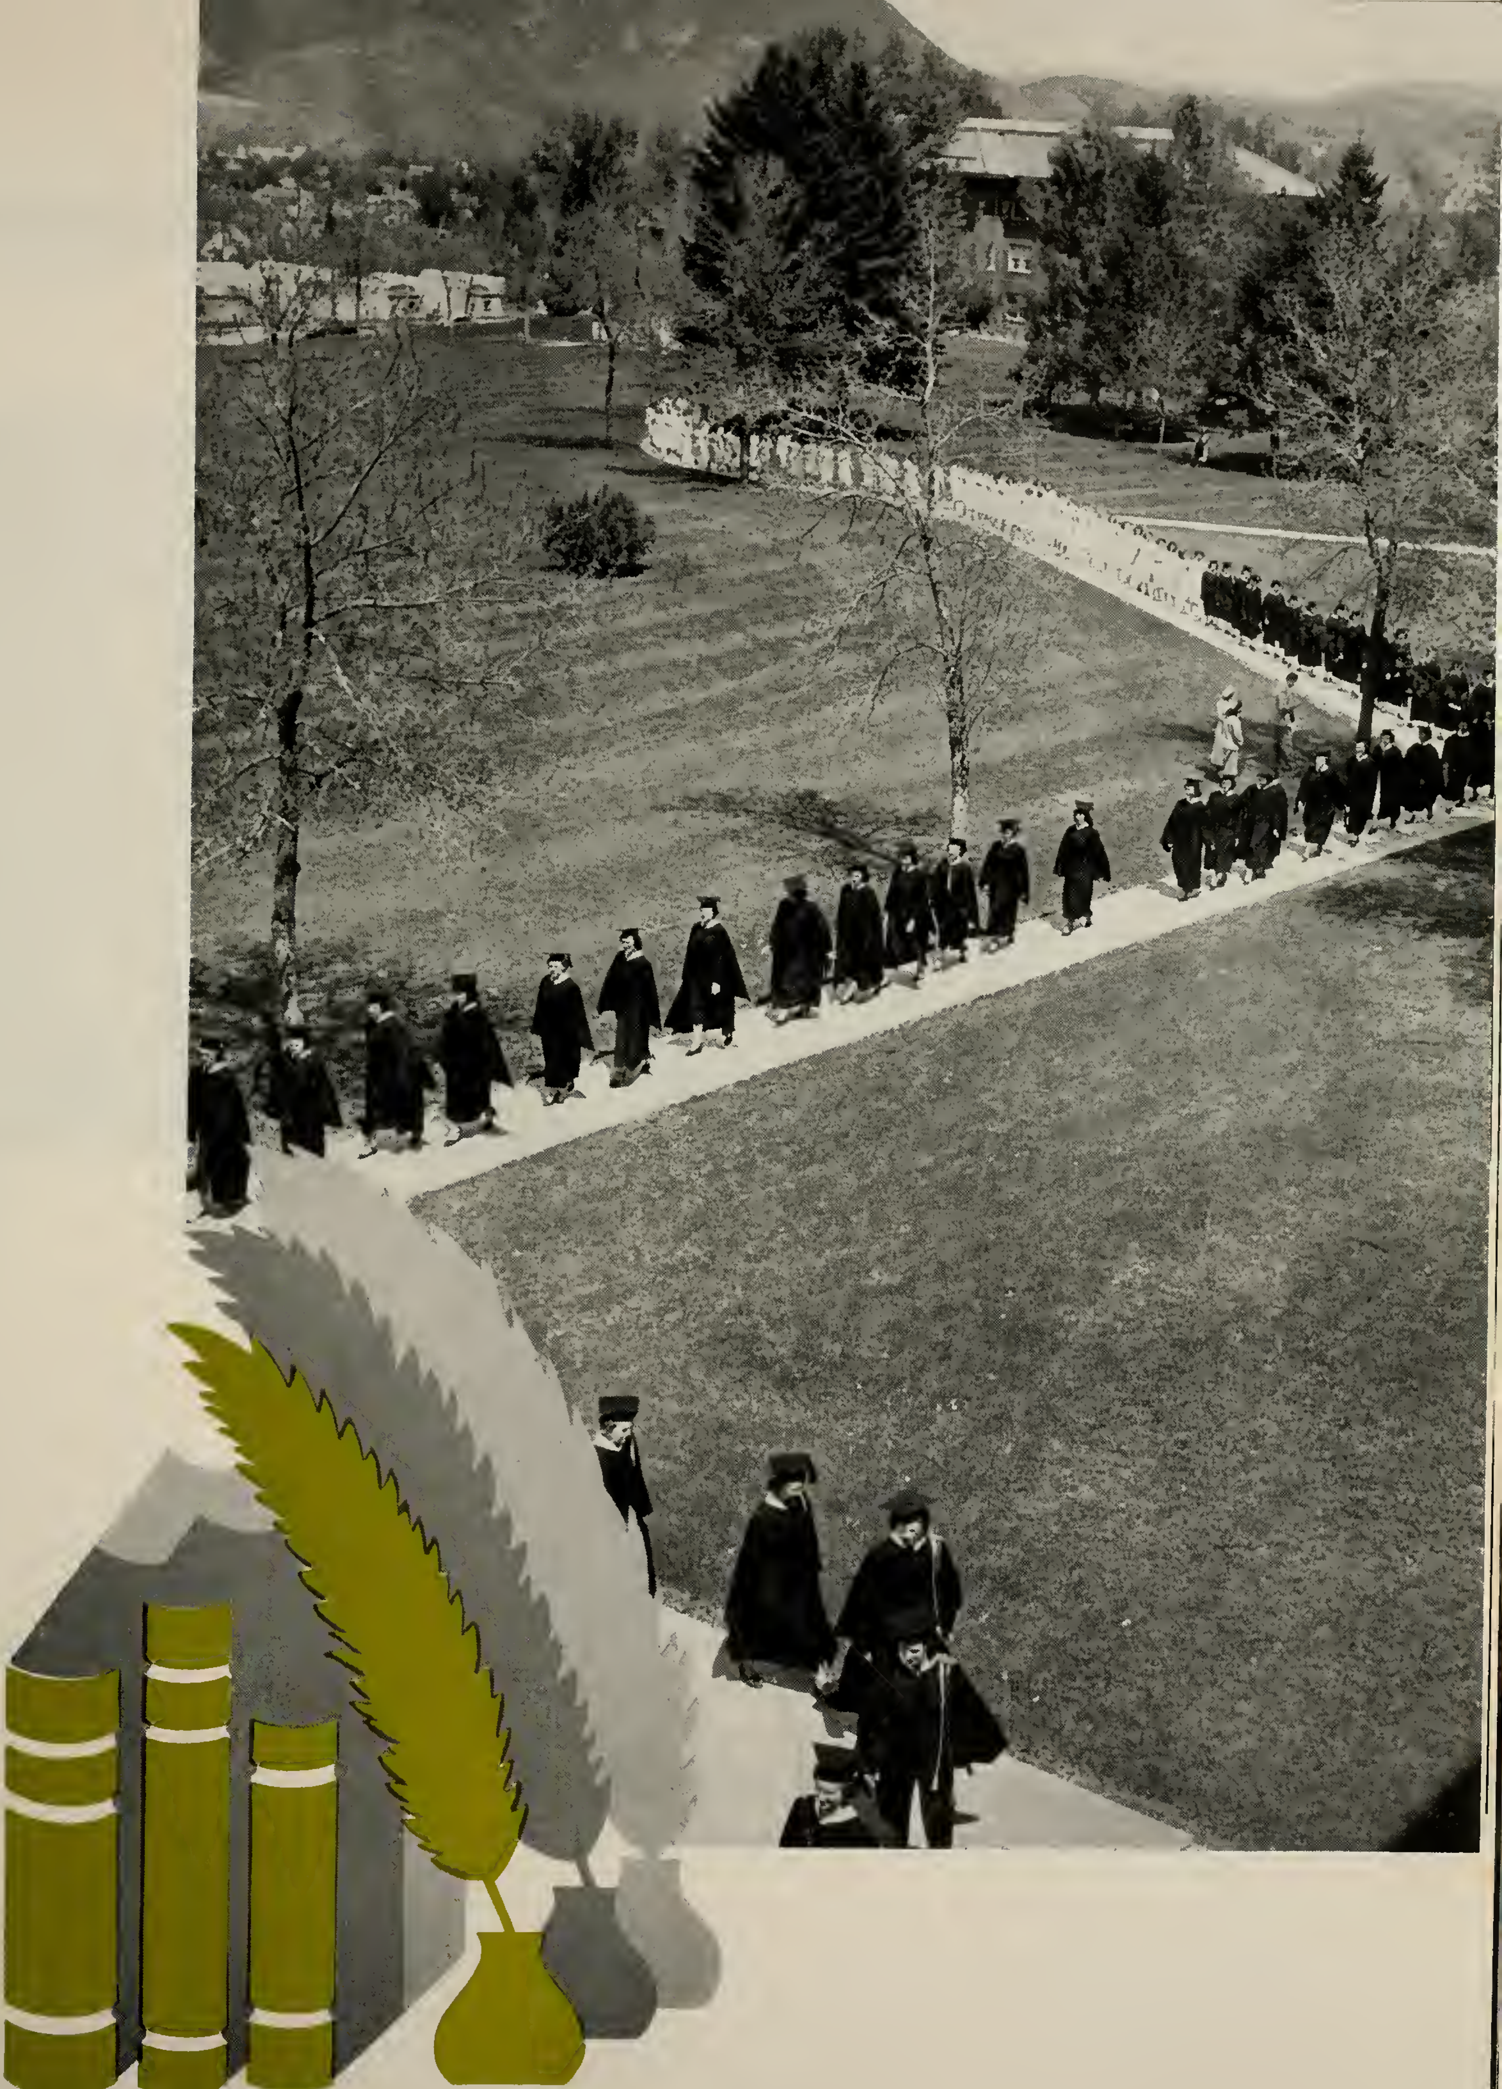
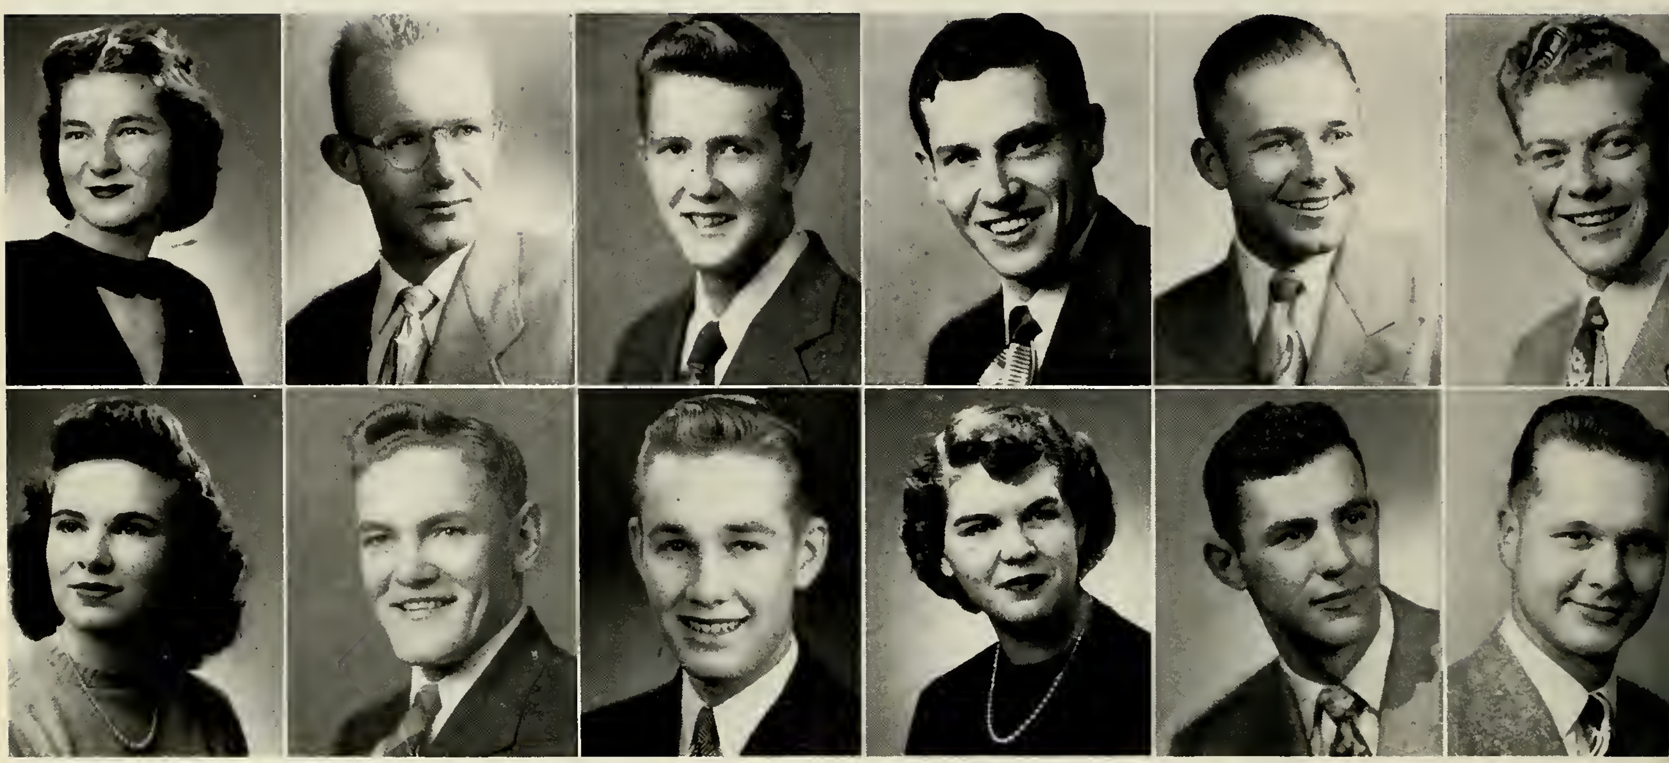
HONORS



Who's Who – Among Students in



Betty Berg Dan Crouter Les Curry Tom Drummond Gene Ernst James Esmay

Greta Gay Don Grabow Russell Gustafson Bette Hall Levra Allan Hammell Richard Hansen

Recognition by WHO'S WHO AMONG STUDENTS IN AMERICAN UNIVERSITIES AND COLLEGES means that the student was, first, officially recommended from the university or college he attends and, then, accepted by the organization. Nominations may be submitted annually by four-year degree-granting institutions. College juniors, seniors and students enrolled in graduate courses are eligible for nomination. Selection of nominees is conducted by campus committees and usually involves student-

faculty-administrative participation. Nominations must be signed by a member of the faculty or administration or by another staff member designated to verify nominations and related matters for the college. Methods and committee members remain anonymous unless released by local campus committees. Nominating committees are requested to consider the student's scholarship, his leadership and cooperation in educational and extracurricular activities, his general citizenship, and his promise of future usefulness.

SECOND ROW, L. to R.—Mary Blank, Pat O'Connor, Joan McCracken, Bette Hall, Betty Lou King, Betty Berg.

FRONT ROW—Sally Fletcher, Louise Carle, Rachel Weinberg, Ruth Samuelson, Lanice Roser.

Mortar Board

LANICE ROSER,
President

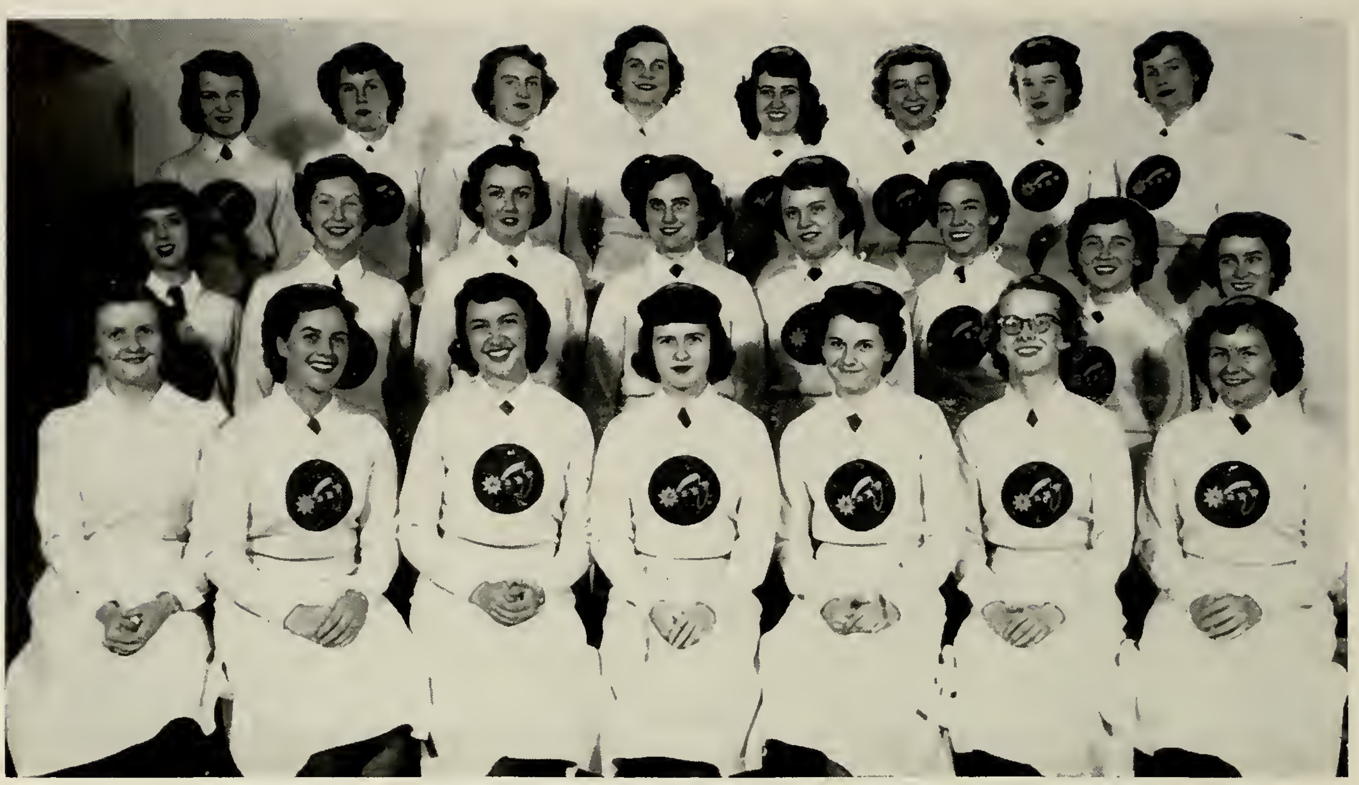
Mortar Board is the senior women's honorary service organization. The members are chosen on the basis of leadership, service, and scholarship. During fall quarter they put on a traditional Mortar Board Dance which is "ladies choice" and "ladies treat"—the one opportunity for both the fellows and the girls to "get even." Mortar Board sponsors the family relations course on the campus that has become so popular. In the spring they put on a carnival—a gala affair for everyone.

LEFT TO RIGHT—Val Glynn, Russel Gustafson, Dave Haynes, Allan Hammell, LeRoy Nyquist, Thomas Sanborn, Gene Ernst.

Septemviri

The membership in the senior men's honorary is limited to seven members. These outstanding seniors are elected by a faculty committee on the basis of scholarship, personality, activities, and leadership. The members of Septemviri are the guardians and custodians of school traditions—Hello Walk, the Senior Bench, All-Honor's Assembly, Freshman Caps, and "M" Day. Septemviri sponsors the annual President's assembly, and reviews the traditions of the school for the benefit of the student body.

RUSSEL GUSTAFSON
President



THIRD ROW, L. to R.—Phyllis Viken, Beth Stone, Stella Kittams, Helen Orr, Marilyn Gottlob, Ruth Benson, Alice Opalka, Jane Belknap.

SECOND ROW—Barbara Gordon, Jeanne Kellogg, Shirley Schultz, Jere Lou Graves, Florence Howanach, Sanna Green, Jean Gould, Betty Broadus.

FIRST ROW——Miss Legg, Hazel Summers, Edith Johnston, Joan Huxley, Helen Hoffman, Pam Cottam, Carol Merz.

Spurs

HAZEL SUMMERS
President

Spurs, the sophomore women's service organization founded on this campus in 1922. The requirements for membership are scholarship, activities, and character. Spurs has the distinction of being the only national organization to have its beginning at Montana State College. The Spurs who are tapped on Women's Day usher at all games and school functions.

THIRD ROW, L. to R.—Chuck Mercord, Maurice Hash, John Howell, Bob Kay, Dick Borsheim, Bob Smith, Elliott Dybdal, Ben Hoffman, Lorn Hardie, Walter Watters, Bob Wenzel.

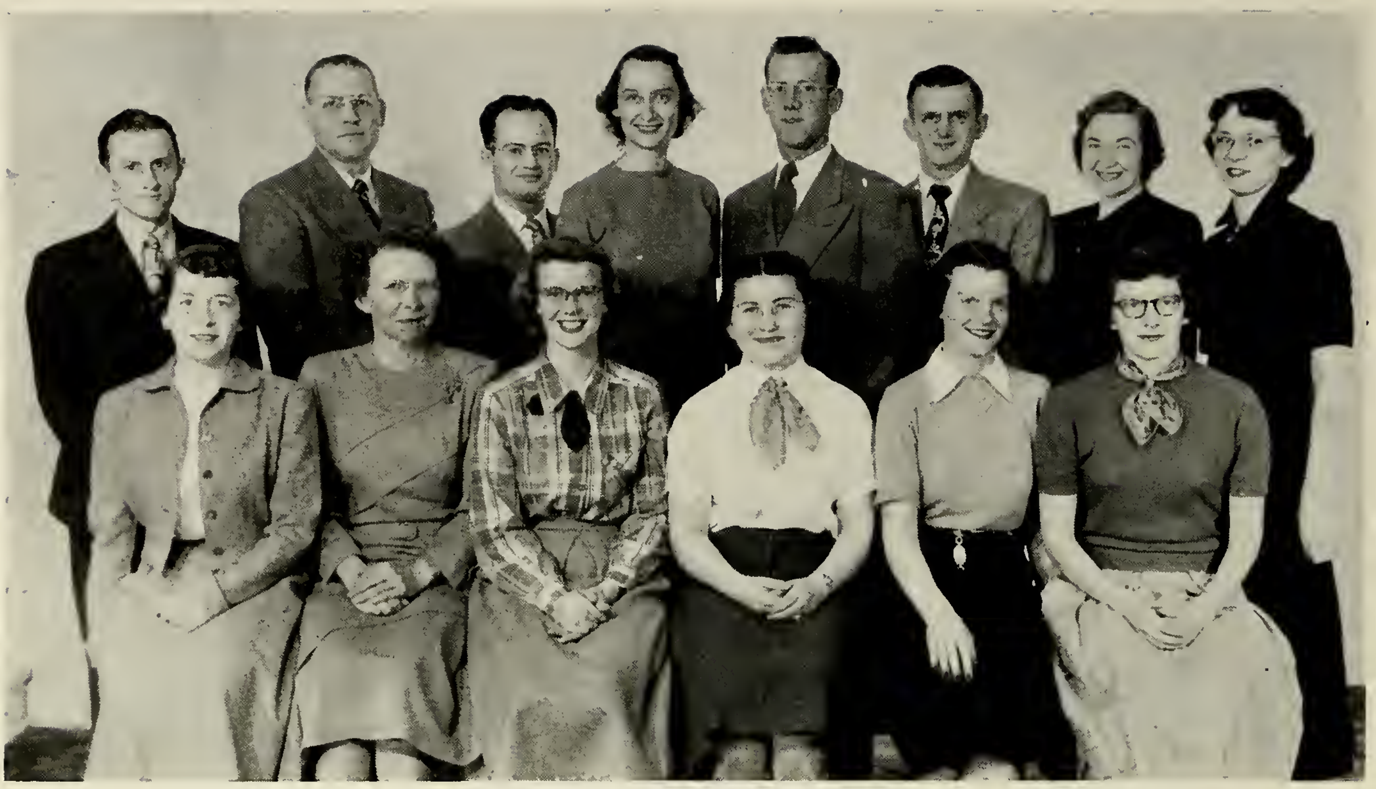
SECOND ROW——Arthur Wiedeman, Jr., Larry Blake, Oscar Swenson, John Turley, Erle Gross, Bob Schilling, Edwin J. Waller, Leroy Niedermier, Bob Dundas, George Thompson, Roy Hibray, Bill Chase.

FIRST ROW—Val Glynn, Bill Lorentz, Bob Eyman, Jack Wolf, Bud Yost, Gale Goyins, Robert Hearst, Dale Kranz, Bill Jackson, Tommy Thomas.

Fangs

Fangs is the MSC chapter of Intercollegiate Knights—the sophomore men's service honorary. A group of boys with a lot of spirit and excess energy always found helping out at the traditional "M" Day, class scraps, and all of the athletic activities. Each year the Fangs sponsor an annual dance at which they pick their Spur of the Moment.

BILL LORENTZ
President



SECOND ROW, L. to R.—Fred Weber, J. W. Blankenhorn, Francis J. Rau, Gladys Wangen, Norman H. Chamberlin, W. J. Hendrickson, Bernice Lamb, Jean Heidt.

FIRST ROW—Doris Holmquist, Leona Barnes, Anna Ronning, Rickey Weinberg, Virginia Kyger, Dorothy Lawson.

Pi Omega Pi

DORIS HOLMQUIST
President

Pi Omega Pi is the national honorary for students who are working toward a bachelor of science degree in commercial science. The main requirement to be eligible for membership is a high scholastic standing. Pi Omega Pi has been mainly trying to promote interest in the department through college functions and high school week activities.

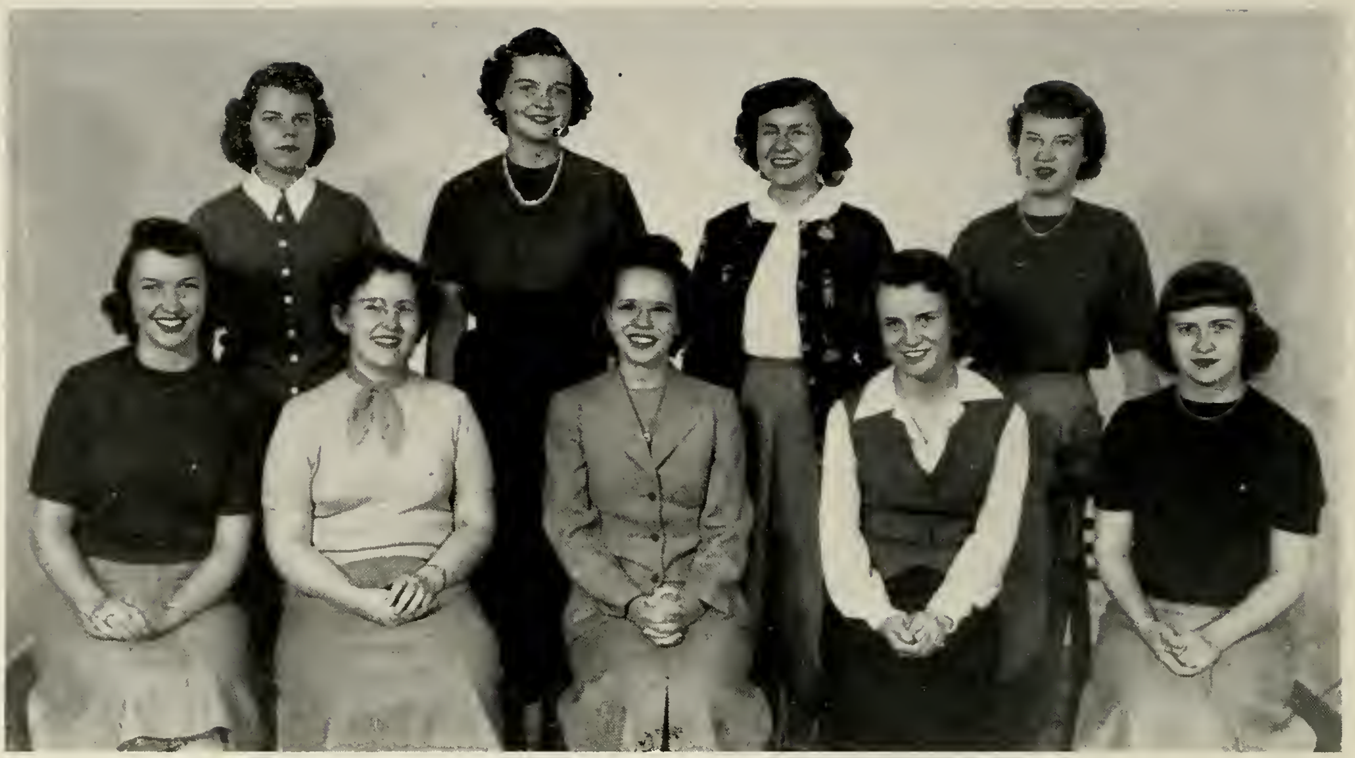
SECOND ROW, L. to R.—Neil Fuller, Dan E. Crouter, Everett Marble, Dick Hansen, Frank Ritter, Dick McConnen.

FIRST ROW—John Martinsen, Joseph Fitch, Kathy Whelan, Elizabeth Peter, Betty Jane Boswell.

Alpha Psi Omega

Alpha Psi Omega is a national dramatics honorary of which membership is open to any student who puts in fifty hours of work on the school plays—it may be on back stage work, make-up, scenery, costumes, or plain acting. This organization also sponsors a film series each quarter in which they present shows which most of us would never have a chance to see.

JOHN MARTINSEN
President



SECOND ROW, L. to R.—Daun Tidball, Helen Orr, Carol Merz, Alice Opalka.

FIRST ROW—Edith Johnston, Mickey Orcutt, Evelyn Charters, Phyllis Viken, Joan Huxley.

Alpha Lambda Delta

EDITH JOHNSTON
President

Alpha Lambda Delta is a national honorary organization for Freshman women with a ninety average during the first one, two, or three quarters of their freshman year. Alpha Lambda Delta was established at MSC in 1930 for the purpose of promoting higher scholarship. Each year an award is given to the freshman women with the highest scholastic record.

SECOND ROW, L. to R.—Earl Baker, John Asbridge, Bill Randash, Don Brohaugh, Joe Fritz, Richard Gorsich.

FIRST ROW—Edwin J. Waller, Paul Wetzsteon, John Bawden, Warren Schmechel, Harry Harrity.

Phi Eta Sigma

Phi Eta Sigma, established at MSC in 1930, is a freshman men's honorary society. Eligibility for membership is based solely on scholarship. Each year these outstanding men publish the most looked at, and the most paged through index of boys' and girls' phone numbers and addresses.

EDWIN J. WALLER
President

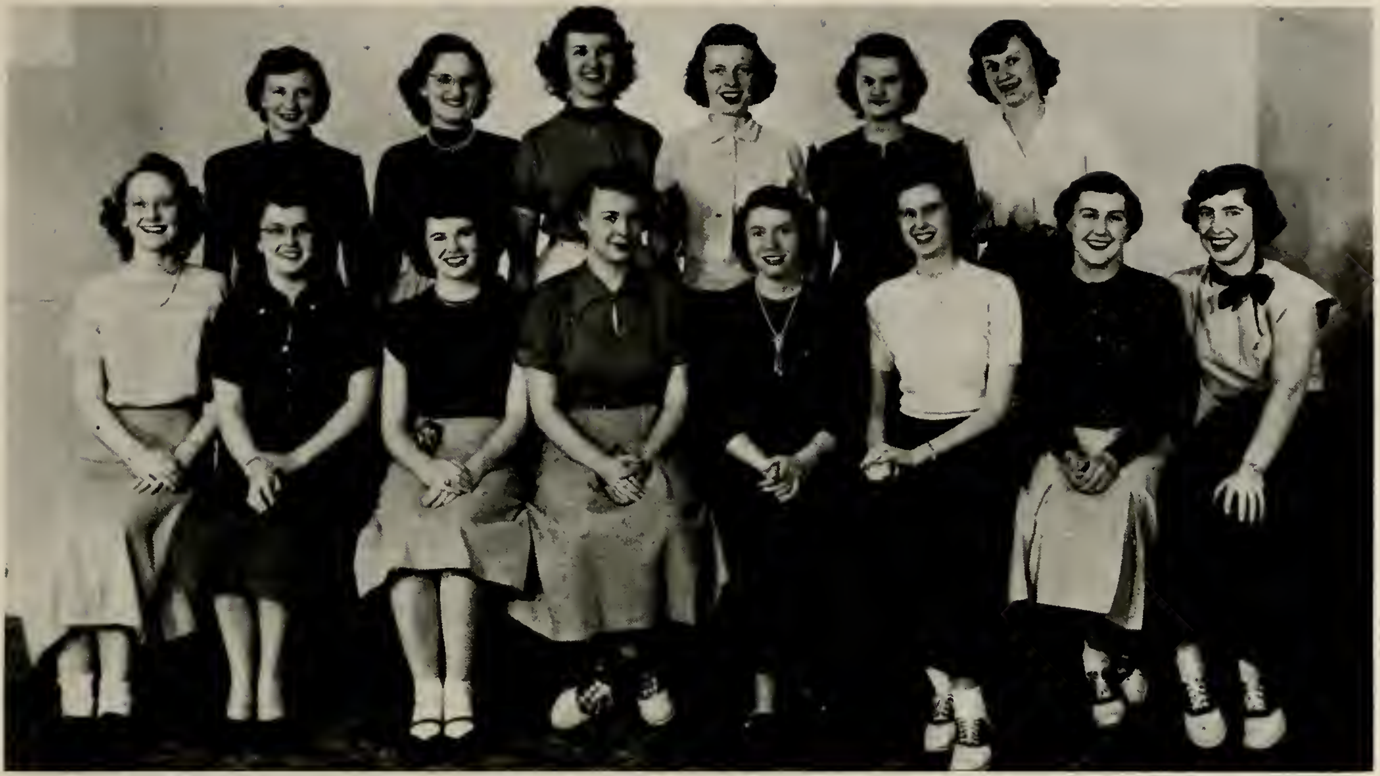
SECOND ROW, L. to R.—Gail Stensland, Allene Willson, Pat Burnett, Bob Klay, Angus McMillan.

FIRST ROW—John Harrer, Beverly Baringer, Rachel Weinberg, James Esmay.

Mu Beta Beta

JOHN HARRER
President

Mu Beta Beta is a national 4-H Club honorary. The members of this exclusive society spend their time assisting at 4-H Club Congress each fall and keeping 4-H members all over the state informed on the news of their organization. Members consist of 4-H members going to college that are active in 4-H Club work, extension service workers and friends of 4-H.



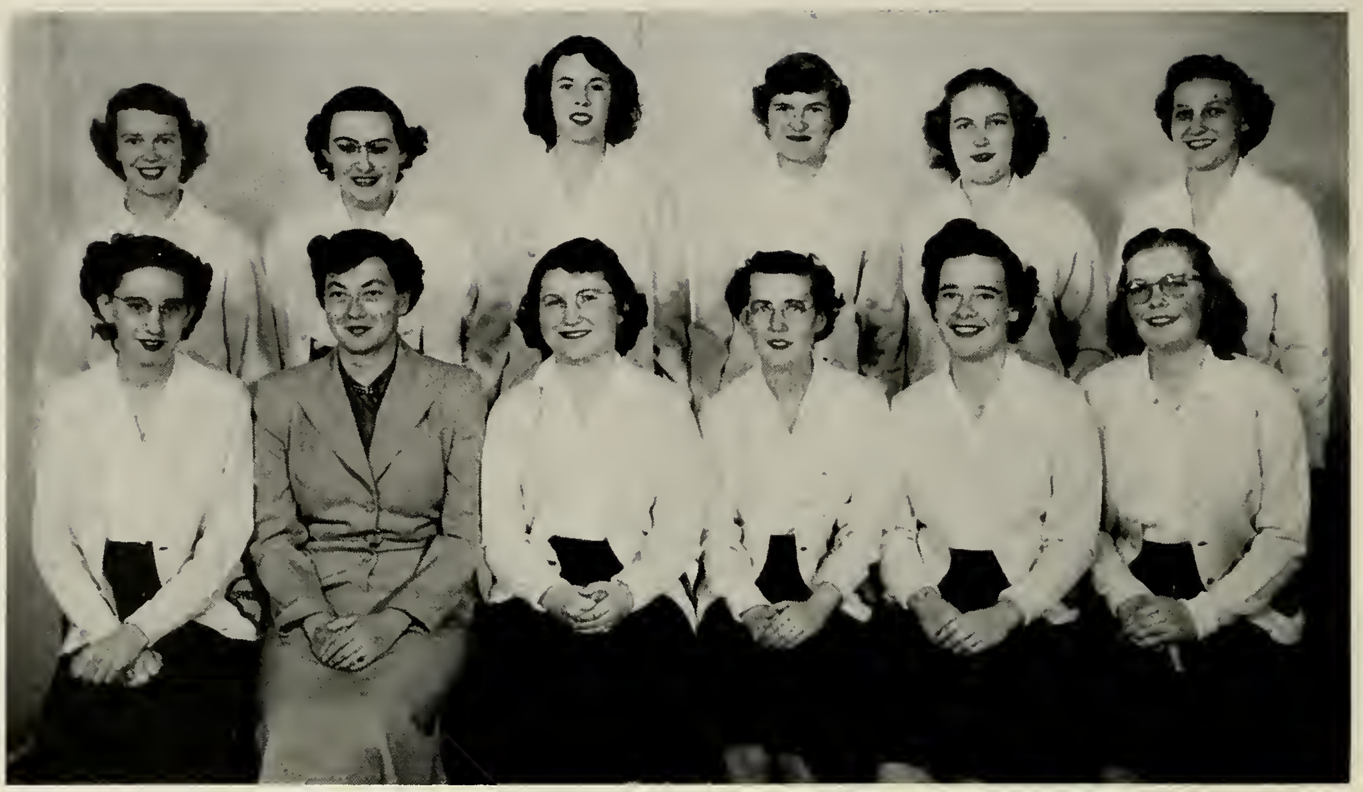
SECOND ROW, L. to R.—Ramona Nelson, Allene Willson, Anita Svindland, Lenore Wilson, Betty Jane Boswell, June Zanto.

FIRST ROW—Dorothy Elliott, Joan Sheldon, Greta Gay, Donna Doran, Beverly Baringer, Betsy Davies, Patricia Nelson, Jean Van Winkle.

Phi Upsilon Omicron

The home economics honorary students belong to the national honorary Phi Upsilon Omicron. To be eligible for membership in this organization the girls must have a professional interest in home economics, leadership, scholarship, and character. Phi Upsilon Omicron provides a loan fund that any home economics student has access to.

BETTY BERG
President



SECOND ROW, L. to R.—Anna Ronning, Cecilea Kiefer, Gloria Harrison, Ruth Samuelson, Dorothy Vollmer, Pat Miller.

FIRST ROW—Ardythe Tallman, Marga Hosaeus, Rickey Weinberg, Lanice Roser, Jo Turner, Joan McCracken.

Spartanians

ARDYTHE TALLMAN
President

Spartanians is a national service honorary. Eligibility for membership in this organization is based on scholarship, leadership, sportsmanship, service, and health, and the students must have earned an "M" sweater by participation in sports. Scabbard & Blade

Scabbard and Blade is a national military science honorary for the cadets in R.O.T.C. who have completed two years of basic training and are in the advanced course. This organization is to inspire closer cooperation among the staffs and the students. Each year the Scabbard and Blade sponsors a dance at which time they present their coed colonelette and tap the new pledges.

Alpha Zeta

HOWARD WILLSON
President

A national agricultural honorary fraternity to stimulate and foster interest in agricultural problems, Alpha Zeta chooses its members on the basis of scholarship and activities. Each year they present a trophy to the outstanding freshman majoring in agriculture. Alpha Zeta works in cooperation with the agricultural club in putting on the Little International Livestock show each year.

SECOND ROW, L. to R.—Don Grabow, Harold Tutvedt, Dick Smith, Harry Cosner, Everett Cummings, Dave Haynes, David H. Leighty, John Baskett.

FIRST ROW—Max E. Berg, Donald Hanto, Frank A. Lansberry, Jack D. Rehberg, Dick Hansen.

Les Bouffons

Les Bouffons, founded in 1901, is the oldest honorary organization at MSC. The members are selected during the spring quarter of their junior year for their qualities of outstanding personality and campus prominence, and are put through a rigorous initiation before joining the ranks of this organization. Les Bouffons sponsors an annual formal dance at which the pledges are announced and the all-school queen, chosen by the entire student body, is presented.

Alpha Chi Sigma

BRADLEY MUNRO
President

Alpha Chi Sigma is the national honorary for men majoring in chemistry and chemical engineering. It was organized with the idea in mind of grouping together all the students who were really commercially interested in the field of chemistry. Alpha Chi Sigma sponsors speakers who can give them a better idea of the possibilities in their line.

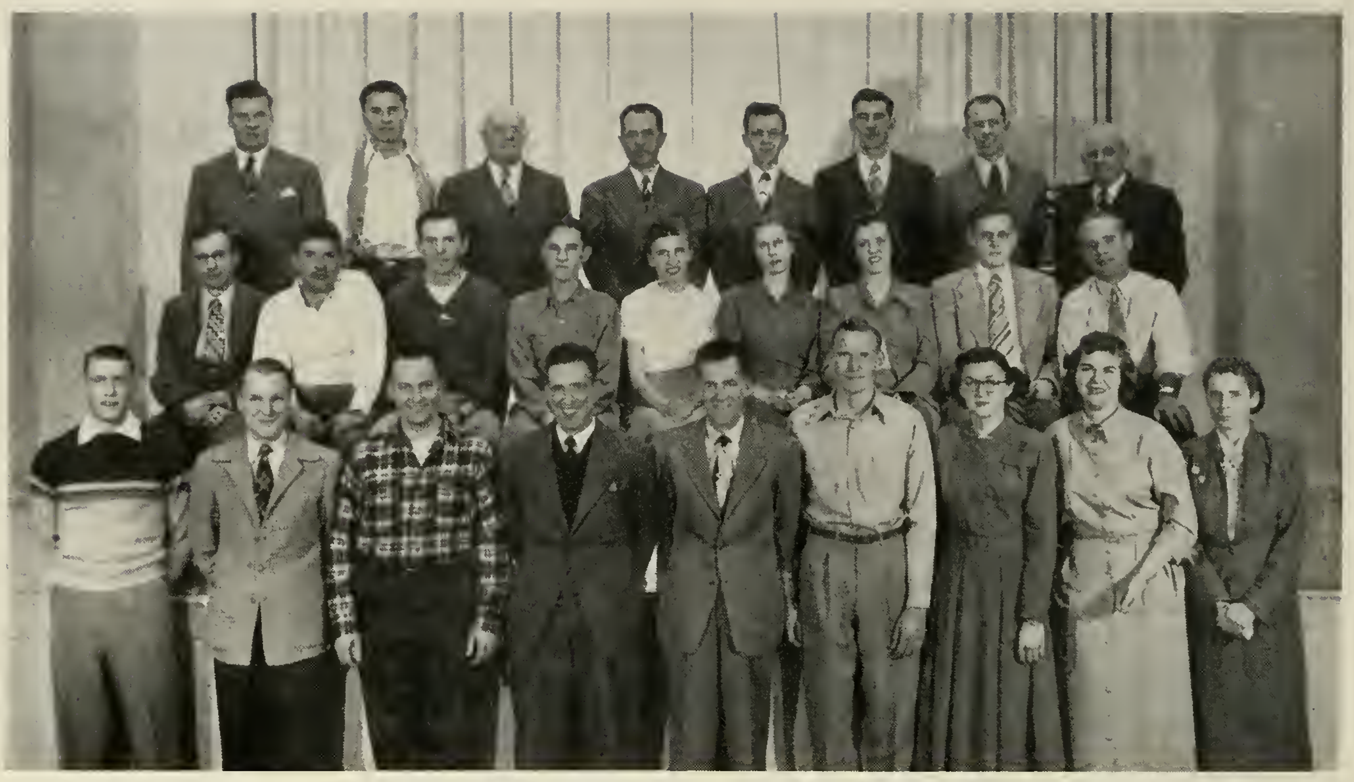
SECOND ROW, L. to R.—Viggo Anderson, Bill Mallick, John R. Switzer, Elroy Cigliana, Allan Hammell, Bob Nickelson, Bradley Munro, Thomas G. Sanborn, Richard Lyman, Leo R. Spogen, Jr., Dan E. Crouter, John Arnott.

FIRST ROW—Jack Nelson, Jack Davidson, Roy E. Dunn, George J. Morton, Fred S. Voegeli, Delbert D. Viers, C. E. Walter, Chas. Fahlgren.

Tau Beta Pi

Tau Beta Pi, established at MSC in 1926, is the national honorary for engineering students. Its main purpose is fostering high scholastic attainment among engineering students. To be eligible for membership the students must have a good scholastic record and good character.

JACK NELSON
President



THIRD ROW, L. to R.—Ed Naegeli, Bud Yost, H. E. Morris, M. M. Afanasiev, William R. Melby, George D. Holton, Albert R. Simmons, F. B. Cotner.

Hugo Eck tells them how. Picking up the credentials.

Bottom—

The bookstore gets more business during registration.

Let's see now, I don't know!

Registration

Registration is what everyone has to go through sometime during their college life—organized confusion. When you go to registration you may know your name, which way is straight-up, what you are majoring in, and numerous other things; but, after you get all of your credentials, thoroughly discuss (is the prefix left off now and then?) things with your faculty advisor, think your things are all okay and finally head for the checkers three or four times—finally after hours you are finished—that is finished!

They look diligent, however, it's slightly deceiving—they're registering.

The lime and water escapade—here goes the ingredients.

M Day

This is the day we wait for in the fall and spring. No classes all day long! The freshmen and sophomores have all the early morning fun—they get up at a wee hour, carry lime and water miles and miles up a scenic steep mountain, flip whitewash over the blocked M, then scamper down the mountain, and gather at the flagpole where a delicious lunch is served. The juniors and seniors clean the campus and help out at the kangaroo court that is held after lunch.

Oops, the whitewash goes on the M.

That's a load he's carrying!

The Sigma Chi's prize winning float.

The lovely queen reigns over the festivities.

The alums want a really all out game—so far in the history of MSC, the Bobcats have never failed to show the visitors the knack they have for playing football. The game is preceded by a long procession of prize winning floats, twirlers, bands, and people.

Homecoming

Those Bobcats have the know-how all right!

The Kappa Sigma first place lawn decoration.

Even Minerva goes to the game.

This is the way the game looked to some people.

Butte Game

Everybody goes to Butte! This is the one time that the Grizzlies aren't the victors—the Cats show 'em a good game. Of course now and then even the best of us miss our chance! Floats from Missoula and Bozeman show how the feelings stand for each other. The Bobcat band and twirlers put on a dandy show and give 'em all the atmosphere for the big clash on the field.

"If we don't know it now, we never will."—famous last words. On the Sunday evening before finals start everyone relaxes and goes to the Christmas sing, either to sing or to listen. Each organized house has practiced a song and knows exactly when they are on the program. The Christmas sing was broadcast over the air this year.

A sorority singing to a packed house.

Softly now, men.

Remember you're on the air!

It takes a lotta wind!

Each spring high school students from all over the state come to MSC. At this time they tour the campus and are given a royal invitation to see the heart of each department. They live with the college students and are subjected to the same living conditions. The students also become acquainted with social life in a High School Week mixer sponsored by the Spurs and Fangs.

I can't see a thing.

Danforth Chapel

Starting construction.

It's on the way up.

The Danforth Chapel is being constructed on our campus as a quiet place where students and faculty members may have temporary retreat from the routine of college life, and the silent encounter with their God. The Danforth Foundation contributes $5,000, and $15,000 must be provided by individuals and groups as donations or memorials. Plans for this Chapel were started in 1949.

Those lively girls who yell like mad at games and try to keep up the spirit of the Bobcats and crowds are these five, never-tiring at every game, cheerleaders. Each year the Yell Queen is elected during the regular school elections. The other cheerleaders are chosen at try-outs. No matter how the score of the game is, these girls are out there doing their very best to keep things lively.

At a game.

In a parade.

BILL ARNDT
Editor

Harrison William Arndt, Editor-in-chief of the weekly campus scandal sheet that is probably the best known publication to the entire student body at MSC, hails from the skiing center of the Rockies—Whitefish. Exponent

If you see a fellow with a big friendly smile reaching from ear to ear, who brags about being from Fishtail, you can rest assured you've run across the Business Manager of the Exponent. He is definitely one of the most congenial men on the campus. He spends his time trying to think up and devise a new way to make money.

DAVE PARKER
Business Manager

The Exponent, the weekly student paper, contains news items, notices, jokes, and all very pertinent material that will keep the students well informed. This paper is supported through student activity fees, advertising, and subscription. The editor and his staff have done a nice job on the paper increasing the number of pictures and always making sure that all of the articles get in. An interesting note is that the Exponent is not edited by journalism students but just by anyone majoring in any curriculum that can measure up to the rigid requirements.

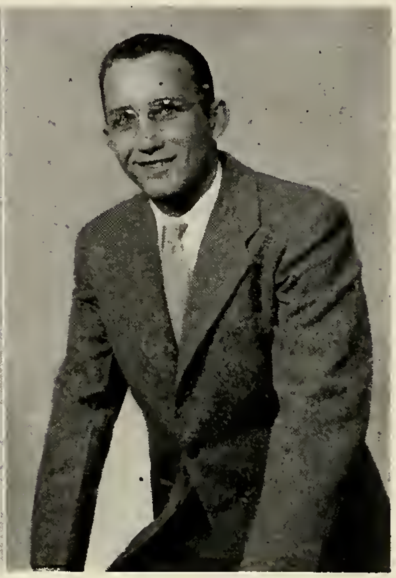
Montana Engineer

BOB FEHLBERG
Editor



JACK SWITZER
Business Manager

Bob Fehlberg, the engineer-in-chief of the engineer's paper, claims the great metropolitan center of Coram as his home. He's a good party boy; is usually seen driving a black Olds; loves to talk; and he did an excellent piece of work editing the Montana Engineer.

Jack Switzer, a man of distinction from Butte, is the only MSC student who can yodel and ski at the same time! Jack likes to be heard, is well liked by all who know him.

Although the Montana Engineer is unknown to the majority of MSC students it is one of the best campus publications. The first issue was published in the spring of 1936. This magazine, supported by student activity fees, subscriptions, and advertising, comes out quarterly and it measures up to the strict requirements of the Engineering College Magazines Associated. Bob and Jack, the two big wheels, have taken an interest and pride in this publication and they have devoted much time to put it on top.

Tom Drummond, Aggie-in-chief of the farmer publication, is known for his big smile and witty sayings. Tom's a Bozeman boy and spends all of his time in the headquarters of the farmer office. He is known by instructors and students as attending all of his classes diligently! Tom has had some good experience in publications.

Ed Hanson, the statistician, who has compiled figures for everything that can be put in numbers, is the able business manager of the magazine. He hails from Big Timber.

The College Farmer, a campus publication that has articles and news of interest to everyone, is put out by the agricultural students enrolled at MSC. Since being established in 1947, this magazine has enlarged and taken in more material, pictures, and advertisements, until now it is a fine publication. It comes out four times a year and is financed by subscriptions and advertisements. In each issue it features one particular county and gives a thorough discussion of the agriculture and industry potentials in the county.

The 1951

The Montanan office is a scene of "men at work." It is never quiet or lonesome here for those who are working. It is one of the few offices that is open day and night, and it needs to be. From the first moment when the idea of the book bursts forth from the editor's brain until the finished product is delivered to the students, the publishing of the Montanan is a strenuous and exciting effort on the part of all concerned. The editor suffers untold, actual and fantastic worries as he watches his ideas slowly, and often seemingly never, develop into the well planned

pages of the book. There are numerous, anxious and trying times when people don't show up for pictures, the copy doesn't get in, and engravings aren't back on the deadlines. The business manager has all of the black and red worry on the financial side. He has his bad moments in stretching the budget. But finally, a sigh of relief, the goal is reached, and the entire book is completed—an inevitable result that at times seems like never. The Montanan has vastly ameliorated in size and quality since the first issue in 1908, due to the profound efforts of a competent group.

Dramatics

JOSEPH C. FITCH
Coach

Dramatic productions at MSC have been under the able supervision of Joe Fitch for the past two years. Although the dramatics do face a number of deficiencies such as a lack of financial status, and no campus theatre, Joe Fitch has added a drama club that is open to anyone who is interested in working on the plays in some way or another. He has done a fine job in coaching and instructing the students in the essentials of lighting, costuming, make-up, and acting. He does his coaching in such a light manner and attitude he is liked by all the students who have worked with him.

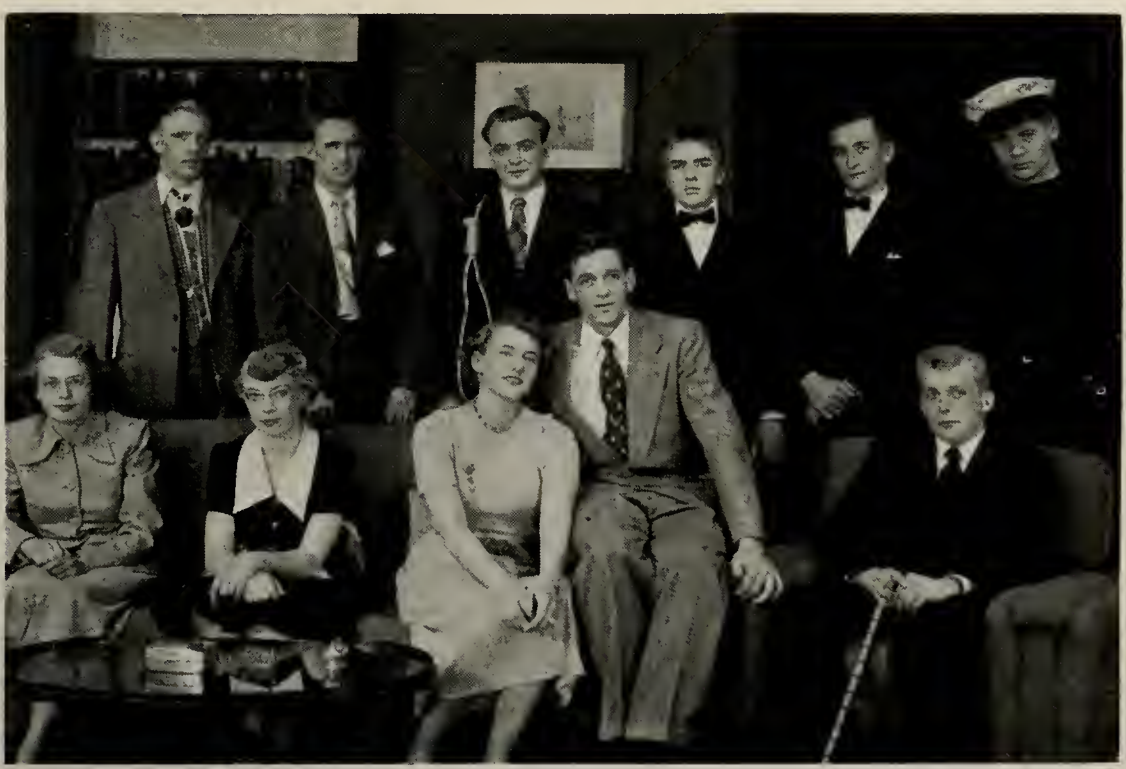
Putting on a face.

Ten Little Indians

Two little Indians.

I've got you now.

"Ten Little Indians" presented in fall quarter with fine portrayals was a murder mystery in three acts by Agatha Christie. The play, which was first published as a novel under the title "And There Were None," centers around eight assorted guests who are invited to spend a week end at a weird country house on an island off the coast of Devon. They are not acquainted with one another nor have they met their mysterious host. "Ten Little Indians" refers to a group of statuettes which adorn the mantlepiece in the house and to the well known nursery rhyme embossed above them. The play is filled with suspense and murder.



The Cast.

$E=MC^2$

Locating the danger spots.

Atom and Clio in a friendly chat.

$E=MC^2$, presented in winter quarter, was one of the most dramatic and inspiring plays ever to be presented at MSC. It is the story of the atom and its application to the modern world, it exemplified fine acting and excellent technical management. This play was difficult and many of the players had several parts. This was the first time that modern dance has been used on the MSC stage, with the result of an added bit of excellence and finesse to the show. The effective lighting, recorded music background and modernistic settings added greatly to the dramatic emphasis of the play.

The Cast.

Behind the Curtain

Last minute touches.

Sound effects in action.

It is through the untiring and expert effort of the people back of the scenes that make the play go off successfully. They toil over such things as making the scenery blend or contrast with the clothes of the cast, they paint the flats to help bring out some of the effects that cannot be brought out by acting. Besides preparing the material items for the play, they practice right along with the cast to make sure their timing and coordination will be in the nick of time and support the acting.

Getting the cues.

Exacting the curtain timing.

Symphonic Band

EDMUND SEDIVY
Director

The Symphony Band, one of the finest musical groups in the state, is composed of eighty members. It is organized on the basis of the code adopted by the College Band Director's National Association. This band has a three-fold purpose, that is, service to the students, service to the institution, and service to the art. They play classical and contemporary music. Each spring this band goes on a tour somewhere in the state.

Orchestra

Each season finds the M. S. C. Orchestra taking a greater part in college activity.

Through the efforts of the students and able direction, the standards of artistic excellence are constantly improving. The orchestra puts on a spring concert, plays at graduation ceremonies, and at the Christmas Sing.

The orchestra goes on a several day tour each spring in a different section of the state.

Concert Chorus

CONRAD SANDVIG
Director

The Concert Chorus is composed of the people who get much enjoyment out of singing. Besides their getting much pleasure out of their practices, they get much done. They are always willing to sing for different occasions that come up. Each spring they go on a two-day tour in a different part of the state. They also sing at music meets, put on concerts, and sing at assemblies.

Collegiate debate has some important objectives and results such as the obtaining of attention, the presentation of a convincing and logical argument, the development of a sane and organized train of thought, and the development of speaking poise. Debating is hard and serious work and involves hours of preparation. This year debate trips were made to Los Angeles to the Western Speech Meeting; to the Red River Valley Tournament at Fargo; to the Linfield College Tournament in McMinnville, Oregon; and to the National Pi Kappa Delta Tournament at Sillwater, Ohio. Then the debaters went to Billings to the state tournament where they placed second, and to the Pacific and Northwest Speech Meet at Missoula where they again placed second, competing against fifty-four teams from twenty-seven schools. This has been a successful year for the debate team with the valuable assistance of Don Trueblood, coaching the debaters for the first time this year.

Variety Show

Old soldiers fade away.

The Fabulous Four,

Each year during the Homecoming celebration we have some good old hometown talent with everyone getting in the show, and believe us, everyone does. The name of the show authentically has the correct terminology—there is variety that has never been used before! We have said, ironical, satirical, humorous, and all other kinds of skits, songs, solos, and jokes. The entire school and all of the alumn turn out in good numbers and they really enjoy the lighter moments that are provided by the students. The master or mistress of ceremonies, adds much to the general color of things.

Judging Teams

The MSC Dairy Cattle Judging Team competed at the Pacific International Livestock Exposition at Portland last October, winning first in Jersey cattle judging in competition with teams from nine other colleges in the Western United States, and gaining recognition to the team's outstanding members, Herb Eakman and Stewart Miller.

Montana State was represented at the National Collegiate Grain Judging Contest at Kansas City, Missouri. This is the second MSC team to participate in the national contest since 1941. Our team rated tenth out of eleven teams competing.

Judging Teams

The MSC Dairy Products Judging Team took second place with seven teams competing at the Pacific International Livestock Exposition in Portland, Oregon. Jack Rehberg of Billings took third place individual honors for the contest. The contest demanded a keen sense of smell and taste.

Early in January saw a six-man livestock team travel to Denver to represent MSC at the National Intercollegiate Judging Contest held in conjunction with the National Western Livestock Show. The contest itself demanded close attention to the finer details of judging beef cattle, sheep, swine, and horses. The team placed eleventh in competition with fifteen other teams.

Little International

On the western end of the campus during spring quarter there is a busy scene for the agricultural students. Each year they put on a Show that is known as the Little International, in which they fit and show animals. About six weeks before the show is to take place, all of the students who are interested in showing animals sign up and draw for certain animals. During the show, the judges determine fifty per cent of the points on the fitting of the animal, and fifty per cent of actual showmanship, with no particular regard to any individual animal's conformation. Several classes of beef, dairy, swine, sheep, and stock horses are shown. The agricultural students have put on a stock show since 1931, and they attempt to follow the pattern of the International Livestock Exposition which is held in Chicago each year.

College Rodeo

That's a horse on him!

Early each year the college "waddies" are busy with the book work necessary to get their rodeo under way. Then the big week end rolls around in the spring with the whole school and many others out to see these boys put on their stuff. They rent rough stock but these college cowboys are educated riders and can ride anything. Other schools are invited to come and participate.

Freshman Week

The first week of school for the freshman is known as freshman week. This is an orientation period for them before the upperclassmen come back and during which time they are given lectures on how to study, various tests, and also a physical examination. During this week the freshmen live on the campus and learn to love the life in a very short time. They become acquainted with each other and the social life, too.

Alpha Gamma Rho fraternity was founded at the Ohio State University, Columbus, Ohio, on April 4, 1908. Alpha Delta Chapter was founded on this campus on December 12, 1925. There are 34 active chapters located in various parts of the country, and most of their members are in the field of agriculture. On this campus the AGR's are very well known for their good grades, besides having many campus activities. Each spring quarter the AGR's and the Lambda Chi's get together and throw a big street dance.

Alpha Gamma Delta, which now has sixty-two active chapters, was founded on May 30, 1904, at Syracuse University, Syracuse, New York. They established a local chapter, Delta Gamma, on this campus on March 17, 1924. The Alpha Gams are one of the four sororities that have their house in the quadrangle unit. Each spring around Easter we find the members out selling lilies for the care of crippled children.

The Gamma Phi Chapter is the only one of its kind as it is a local group. They have done much planning toward petitioning to the national fraternity of Sigma Nu which was founded in 1873, and has 104 active chapters. The Gamma Phi's now have a house of their own that they are and can justly be proud of. They have good grades and are as active in campus activities as any of the Greeks that belong to a national group.

Interfraternity Council

Eight fraternities are represented on the Interfraternity Council. The main activity of this group of fellows is to keep friendly co-operation and competition among the houses. They plan the intramural sports such as basketball, baseball, skiing, bowling, wrestling, and others. This organized group helps in rounding out and furthering the education of students at M. S. C. This year the council organized the fraternity men in a group, set a day with the Red Cross, and donated blood.

Panhellenic Council

The Pan-Hellenic Council is composed of the presidents and membership chairmen of each of the six sororities on the hill. This council works constantly toward cooperation and promotes friendly relations between the sororities. It also devises and helps govern rushing rules during freshman rush week in the fall and throughout the year. This council also gives suggestions and certain stipulations for summer rushing in the various towns.

Hamilton Hall—the stately building that was constructed and opened for use in December, 1910—is the home of the greatest per cent of the freshmen girls who enroll at M. S. C.. Always referred to as Hamilton Hall and not "Ham Hall," this building is by popular choice the most visited building on the campus by the male population. Those freshmen girls are wonderful.

Remodeled and redecorated just recently, this "castle of the freshman girls" is very comfortable in the way of living and studying accommodations. It

Football

1951 was a brand new football year at M.S.C. with a new head coach, two new assistant coaches, a new offensive, and a bare handful of returning lettermen.

Johnny Mason, fiery head coach, accepted his position with the Bobcats after a three-year absence from coaching circles as a sporting-goods salesman. Mason's high-water mark seems to have been 1939, when he coached Colorado School of Mines to a Rocky Mountain conference crown and undefeated season; a decade earlier he had a large part in developing All-American halfback "Whizzer" White at Colorado University. Johnny hung up his varsity cleats at Oklahoma A & M in 1925 after seeing multi duty in the signal-calling slot.

Lacking the breed of big, fast men necessary for making the "T" work, Mason switched to the single wing, and started conditioning the squad September 1. Two weeks later the Cats were off to Laramie for an afternoon go with the potent Wyoming Cowboys. Bowden Wyatt's powerhouse eleven slaughtered the 'Cats 61-13 between yawns, with 48 men seeing action for the 1949 Skyline Six Champions. Montana State picked up 115 yards from scrimmage, compared to 561 for the rampaging 'Pokes, and

didn't get across the midfield stripe until the fourth quarter, when a 37-yard pass put the leather on the Wyoming 20. Four plays later, fullback Gene Stergar bulled his way to pay dirt from 16 yards out.

The 'Pokes fumbled the following kickoff on their own 20, and four plays later the Blue and Gold hung up another six-pointer when McGillen dropped back and whipped an aerial to wingback Kennedy, who went over standing up.

With one game under their belts, the gridcats hosted a powerful Western State club under the arcs on Gatton Field the next week. Sparked by two all-conference linemen and a stellar sophomore quarterback who ran his team's "T" with speed and deception, the Mountaineers pounded out a convincing 26-13 win. Left end Don Grabow collected after taking a short pass from halfback Jim McGillen, and Jim Brown swept right end from a yard out for M.S.C.'s second touchdown.

After leading 6-0 for the entire first half, Mason's blue and gold crew fell apart in the second half as Eastern Washington's Savages lashed out to a 20-6 win. Cheney fullback Michelson boomed 74 long yards for the first tally in the third period, and steamed 42 yards a few minutes later to hang up another six points. Center Roy Conrad stole a flat pass and went 70 yards untouched to cap Eastern Washington's second half scoring parade. M.S.U. plastered the same Cheney eleven 52-0 the previous weekend.

After giving a power-packed Utah State club a terrific game the year before in a 19-14 loss at Logan, the Bobcats found Utah fullback Jim Gar-

rett a little too hot to handle in the season's second home appearance. The 198-pound sophomore powered his way through and around the MSC line for 22 points. The Aggies chewed into pay dirt three times in as many tries in the first quarter and left the 'Cats 20 points in the deficit column at half time.

Tackle Ray Gallick set up the only State tally late in the third stanza when he stole the ball on the Utah 47. Fullback Gene Stergar pounded across from the four to save the 'Cats from a "blanking."

Highly-favored Colorado State, undefeated in four starts and well on the way to clinching the RMC crown, ran into a fired-up Montana State aggregation the next week-end in Greeley. Stinging from four straight shellackings, the Bobcats put on a show of hard blocking and running and vicious tackling that netted an 18-7 win. After the Colorado Bears had scored late in the second quarter, the blue and gold grid machine started functioning with Jim Brown's 35-yard scoring jaunt around end. Then halfback Brown oiled his slinging arm and found end Don Grabow with two air-mail packages good for six points each.

At Naranche Stadium, the next week bespectacled Tom Kingsford lived up to the pre-game billing. The MSU quarterback pitched three touchdown passes and had a fourth aimed for the end zone when the final gun put the kibosh on the game. 462 yards from scrimmage for the Silvertip gridders over MSC's 172 gave a good indication of how the battle went. A Grizzly fumble set up the only serious Bobcat threat, and that drive stalled on the nine-yard line. The 33-0 decision gave the University its 34th win in 48 meetings of the two schools. Only two

games wound up in ties. Hence, the copper bowl remains in the 'Bar trophy case for another year.

Homecoming matched the victory-hungry Bobcats and the powerful Colorado College Bengals. In seven previous tilts, the MSC gridmen had only a win in 1936 to boast against the defending Rocky Mountain conference champions. Both squads had measured Colorado State, with the C C Bengals notching a 13-0 win. Arm chair quarterbacks doped the game as a battle right down to the gun, but Colorado fullback Boucher powered his way to three touchdowns to spark the scoring punch that gave the Bengals a 34-18 win.

Halfback Jack Cohn sparkled for the 'Cats sucking in a 30-yard toss in the end zone to draw first blood early in the first quarter. In the last frame, Cohn slashed 54 and 34 yards to hang up all 18 points for alma mater.

After absorbing painful lickings from the Bobcat grid machine for two years straight, the North Dakota Bisons roared back to flatten the 'Cats 27-0 under the lights at Glendive the next week. The air was full of Nodak passes, and the Bisons ends were a little thicker under those same passes than the Montana State secondary defense; three of the NDAC tallies came via the aerial route.

The 1951 grid season was rung out with a Sunday afternoon clash in Idaho State's Spud Bowl at Pocatello. The Bengals, smarting from a 19-14 loss at the hands of MSC last year when they were held on the one-yard line for three downs in the final 30 seconds, came back to dent the scoring column in every period. Bob Graham, sophomore speed merchant for the 'Cats, hustled 40 yards on a punt return and Jim Brown smacked over from the two to put the Blue and Gold on the short end of the 39-13 count.

Kitten Football

Frosh mentor Jinx Anderson's fledgling eleven wound up the season with a 2-3 won-lost record. Fresh from whitewashing the Idaho State Frosh at Pocatello 31-6, the Kittens went after the University Cubs on Gatton Field. After leading from the second quarter until the final stanza, the locals went down 7-6 when the Cub quarterback pitched a pass that set up the University tally and extra point.

The Kittens edged out the heavier, more experienced Ricks College Vikings 7-0 on the local field, and Western Montana blanked the Kittens 13-0 at Dillon to even the won-lost ledger for Anderson's hoys. The Cubs measured the MSC Frosh 19-0 at Missoula in a game that saw the State eleven much weakened by numerous injuries.

Numeral winners included Ends, Jack Hill, Gary Miller, Bill Roney, Roger LaFond, Ed Donohue, and Gene Richeson; Tackles, Bob Pickett, Dick Duncan, Willie Baugh, and Hugh Wagner; Guards, Pete McHugh, Harold Hallesy, Leon Evans, Walt Ross, and Bob Chesnover; Centers, Win Webster and Cliff Congdon; Backs, Tom Parac, Dean Shriver, Norm Johnson, Jack Edwards, Ken Marsh, Rod Roys and Don Morris.

Basketball

Montana State's 1950-51 edition of the casaba squad made basketball history . . . after clinching the Rocky Mountain title with a 9-1 conference record, the 'Cats tromped the University cagers, won the district NAIB tourney in Billings, and bowed to highly touted Oklahoma A & M 50-46 in the first round of the Western NCAA tourney in Kansas City. This marked the first appearance of a Montana team in an NCAA bout.

"Brick" Breeden, Bobcat mentor, was named RMC coach of the year, Les Curry and Joe McKethen were named to the all-conference first string, and Chuck Mitchell received honorable mention in the same department. Joe McKethen also got All-American honorable mention in Collier's magazine.

Les Curry, stellar Bobcat forward, wound up his senior year with 1437 points in varsity competition—second only to "Cat" Thompson's three-year record of 1539 counters in the 1928-30 era.

In winning 24 and losing 12, the 'Cats averaged 64.92 points per game, and lost only two of their last 15 starts.

Initiating the season against the Northern Montana quintet, the Bobcats peeled the

Lights properly in a twin bill at Bozeman, handing the Havre crew a 95-49 shellacking the second night. On a road trip the next week, the powerful Utah University five scalped the 'Cats twice, with the Utah State aggregation making it three in a row with a 70-62 squeeze.

Again hitting the 90-point mark against the Rocky Mountain bucketeers, the blue and gold casaba artists pocketed an easy pair of wins. The 'Cats ran into more big trouble in the form of Wyoming U's potent quintet in a three-game bill the next week. The first tilt, played at Bozeman, saw the Cowboys edge out a not-too-convincing 55-53 win over the scrappy MSC crew; in the other two games played on Wyoming maples, the Wyoming five found its eye and thumped the Breedenmen properly.

Whitworth's rangy squad, sparked by 6'8" center Ray Polson, moved into the Bobcat camp after plastering the MSU Grizzlies the previous week and split a pair with the 'Cats. Pacific Lutheran, also fresh from a win over the Grizzlies stepped into mid-week clashes with the local quint and went home smarting under a double shellacking.

Colorado Mines was the first conference opponent to feel the Bobcat scoring punch. The Blue and Gold took an easy pair from the Miners, 84-40 and 73-37, cooled Rocky Mountain twice more at Billings, and then had its

five-game win skein chopped off by Whitworth in two free-scoring tilts at Spokane, one of them a 90-80 affair.

Off on another short win streak the 'Cats put off a stubborn Western State crew in a pair of conference tilts at Garrison. The 'Cats then moved in on the Colorado College crew for what the dopesters had called the biggest threat to MSC's conference titular hopes. The Bears, sparked by speed merchant George Sweeney, made it a fight to the wire in losing 68-66 in the initial go. The second night Sweeney, who had been gloating over a 25-point per game average for the season, ran into tall trouble in the form of 6'4" Bob Miller, junior Bobcat guard. Under "Big Mill's" defensive eye, the Colorado ace notched three points as the 'Cats swept the second game 68-47.

In the Missoula edition of the state championship playoff, Coach Jiggs Dahlberg's Grizzly "Bars" found the Bobcat basketball machine in high gear with a smooth-clicking fast break the first night. The University hide was nailed to the fence to the tune of an 81-58 trouncing. Dahlberg called a special practice the next morning and masterminded his oiling Bears to a 57-54 scalping party the next night.

Back on the local hardwoods the next week the 'Cats belted Idaho State out of the RMC conference race with 71-69 and 74-61 decis-

ions. Only the second night counted in conference play, though. Again at Bozeman a week later, the Breedenmen entertained ancient rivals from Colorado State, the school which spoiled a perfect conference record for the 'Cats last year in a double overtime game at Greeley. The Colorado quint was unimpressive trailing 54-18 in the middle of the second half the first night. The Blue and Gold ironed out an easy 61-43 win the second night to sweep the two-game series with the Bears for the first time since before the war.

Off to Pocatello with a 9-0 conference record and their eyes again on an undefeated RMC season, the Bobcats were cut down 68-61 by a fired-up Bengal crew. Dewey Cunningham, Idaho center, sparkled under the net, dumping in 23 points.

With their backs against the proverbial wall to win both games, to regain the state title absent for two years, the 'Cat aggregation sharpened up for the last of the Grizzly series. The opening night the score was knotted seven times, but the Bears led only twice, and then by no more than three points. Center Ray Johnson was the big gun in the Bobcat attack, sucking in rebounds like a vacuum cleaner and looping 16 points of his own. Leading 45-39 with four minutes left, the Blue and Gold held on to the ball and, working off the slow break, drilled in four more buckets to clinch the game at 53-41.

The second night the 'Cats found it pretty much their own way and scored almost at will, wrapping up the series 72-45.

The rest of the season found the Bobcat quintet on top in the district NAIB tourney at Billings, and a four-point loser to powerful Oklahoma A & M in the western NCAA play-off at Kansas City.

June's graduation march will find Les Curry, Jim Ward, Ray Johnson, and George Ryan suited up in something a little different than warm-ups and basketball uniforms. Curry, Johnson and Ward won three varsity letters each, and Captain George Ryan boasts four stripes on his letterman's sweater. Curry looped 1437 points in 97 appearances without missing a varsity game in three full seasons; Johnson failed to dent the line-up only once during the same period and meshed 711 counters. Ward found the bucket for 306 points and Ryan tallied 316.

With a large hole left in the starting lineup, the outlook for next year is anything but bright.

Joe McKethen, twice all-conference forward and voted the league's most valuable player this year, will be back for his third monogram next winter. With 911 points to his credit, Joe seems to be a cinch for the highly touted "1000 club." Hard driving and deadly shooting has characterized his two years with the varsity.

Give him a boost.

He flies through the air.

Give me that damn thing!

Chuck Mitchell, probably the most improved player on the squad, will be back for duty at forward. An injury in the first Grizzly game at Bozeman kept him out of the post-season tournaments, but "Mitch" showed enough of the stuff to haul down an all-conference honorable mention tag.

Bob Miller, defensive star of the quintet, operated smoothly at guard and forward, and appeared in every game last season.

Jerry Gleason, Livingston speedster, has been working his way into the limelight, and seems to be in for plenty of action in the forward slot next year.

Perry McCahill, who was frequently sidelined by Johnson's work at center, will be back to control the boards next winter.

Jim Mitchell, who reported late due to a tackle assignment with the gridmen and later missed 11 games, will be pushing hard for a starting assignment at center. His hookshots and consistently good performances stamp him as a man to watch.

Bob and Lloyd Saunders, the smallest men on the team, will be gunning for action in the back court. Injuries have slowed both men up in the varsity lineup race.

Talent from Jinx Anderson's Kittens will round out what could be another hard-to-lick Bobcat basketball team.

After a discouragingly slow start due to rotten spring weather conditions, the MSC thinclads climaxed the track season by winning the Rocky Mountain conference title. Dick Chauner won the singles tennis honors and with Tom Waldo, also annexed the doubles crown. With the conference basketball trophy already glittering in the Bobcat trophy case, the 'Cats notched three conference crowns during the 1950 season.

The track prospects were anything but bright when mentar "Brick" Breeden issued his call for initial practices. Sprinter Jim Schrumpf had been killed in a tragic auto accident; Roy Hubber, co-champion in the 1949 conference pole vault event, was forced to give up track on

the advice of a physician; Al Hammel, holder of the all-time MSC hurdle records, was likewise forced to the sidelines with an ailing heart; and Pat Trotter, promising stalwart of the freshman cinder squad, was ineligible.

Pocatello was the scene of the 'Cats' first appearance. The relay meet saw the mile and distance medley relay teams pick up points for thirds in both events.

April 29 the MSC cindermen entered a four-way meet with Whitworth, Gonzaga, and Northern Idaho College of Education. Lack of conditioning because of a soggy turf at home slowed the local thinclads, but they squeezed into second place behind the Whitworth Pirates (Whitworth 64 1/3, MSC 46 5/6, Northern Idaho 24 5/6, Gonzaga 23).

A week later on Dornblaser field, the University Grizzlies pounded out an easy 99-32 in a dual meet with the 'Cats.

Finally, with the weatherman coming up with a little sun, the Breedenmen scored heavily in every event to run away with a triangular meet with Idaho State and College of Idaho. Jim Ward collected 19¼ points for individual honors. Masten won the shot, McCahill took the high jump, Ward the 440, javeline, and broadjump, McKethen tied for first in the pole vault, LeProwse topped the high hurdles, Cohn took the 100, Bachman the 220, and Gray, Peterson, Henault, and Ward won the mile relay event.

Finding not too much serious competition in any event, the 'Cats completely dominated the RMC meet at Bozeman, May 20. Perry McCahill got over the high jump

The Gymnastics team this year had a quiet year as far as outside competition was concerned but provided many thrills and spills as half time performances at basketball games. They also provided entertainment for High School Week and other special occasions.

In the only competition they had, the gymnasts lost to a very highly trained Washington State team 67 to 29.

Women's Sports

Women's Athletic Association is an organization which all college women are eligible to join by paying yearly dues. They can participate in team and individual sports which are offered during the school year. This association is governed by the WAA Council consisting of the officers and sport managers. Advisor of the organization is Miss Lucille Clydesdale.

Trophies are awarded on Women's Day to individuals is awarded to the organization which has the greatest number of active WAA members participating in all sport activities. This doesn't mean that competition who win first place in tennis, badminton, swimming and ping pong. The winners of archery, bowling and golf are given medals. The coveted Hamilton Trophy is divided according to the affiliation of the girls. The teams are divided by class—freshman, sophomore, etc., and each girl's participation is considered individually for this trophy.

By participating in sports each girl acquires points which accumulate during the years. When 85 points are accumulated blue Montana State College sweaters are presented to the girls on Women's Day.

The Dolphin Swimming Club is for all women students who are interested in synchronized swimming and water stunts. A pageant was given just before Christmas by the Dolphins with the theme "Santa's Workshop." Miss Dorothy Kennemer assisted the girls in organizing the pageant.

In the spring of each year the Women's Athletic Association of the branches of the University of Montana sponsor an annual Play Day. Schools entering WAA participants are Missoula, Dillon, Billings, and Bozeman. Schools alternate in conducting play days, each school entertains the others every fourth year.

During two days of sports and social life, all the girls become better acquainted and foster a spirit of friendship and sportsmanship. Play days are conducted for the fun of playing and for modified inter-school competition. Ten delegates from each school are chosen to attend Play Day. Their ability and knowledge of various sports which are included in the Play Day are the basis for selection by the WAA Council.

Scenes from the locker room—some of the pictures can't be printed! We do have our fun though—Many times this couch has scooted away from the wall and there we didn't sit! Last summer these offices were painted and colorful green replaced the drab, nondescript colorless walls.

Miss Josephine White's modern dance students study the technique and develop creative ideas. Wouldn't you like to learn "the" technique?!

Five little Indians.

What!? Form!?

In 1947 the first dual swimming meet with Montana State University swimmers was held on MSC campus. The next meet was held in 1950 when Missoula was the hostess school. Montana State College swimmers were defeated 40-31 by Missoula at the meet held here during spring quarter 1951. The events in this meet are all for speed swimming.

Three years ago the tumbling team was organized by a group of WAA members especially interested in tumbling skills. Through the able assistance of Miss Marga Hosaeus, the team has given successful performances for variety shows on campus. In order to be a member one must pass basic requirements, but no previous experience is necessary.

On to the pool room.

Tricky, isn't it?

This could be a mouthful, but it's a swallow.

Spike it!

Volleyball, basketball and softball are the team sports organized each quarter. Team activities are in full swing Monday through Thursday afternoons at 5 in the auxiliary gym or on the girls softball diamond.

Girls who officiate at these games must have a Montana officials rating in the respective sports. At the beginning of each quarter a clinic is conducted to train girls for officiating. Practical and written tests must be passed before a rating is granted to any individual.

At the end of each winter quarter the basketball officials and the captains of teams elect WAA girls to the Gold and Silver basketball teams. The girls are chosen according to ability, sportsmanship, team work and cooperation with team members and officials.

Intramurals

SOFTBALL: Sigma Alpha Epsilon, behind the stellar pitching of Eddie Jones, came through an undefeated season to take possession of the 1950 softball honors.

FOOTBALL: Sigma Alpha Epsilon won over Kappa Sigma 13-0 under the lights of Gatton Field to wrap up the "flag-ball" championship and trophy.

SKIING. Last winter's ski meet at Bear Canyon saw Sigma Chi's hickory squad come up with undisputed possession of the trophy.

BASKETBALL: MSC's H. & P. E. Club put the damper on the Sigma Chi quintet to put the intramural trophy in the bag.

INTRAMURAL SOFTBALL:

BACK ROW, L. to R.—Jack Crosby, George Ryan, Bill Peden, Bob Saunders, Bud Yost, Roy Segran.

BACK ROW, L. to R.—Bill Tester, Tom Bryan, Jim Peretti, Jack Sohl.
FRONT ROW—Bob Quenemeon, Roy Foutain, Jim MacPherson, Bob Morrisette.

SWIMMING: The Kappa Sigma tankmen squeezed out the Independent aggregation to cop the swimming trophy.

WRESTLING: In the intramural grunt and groan contest last winter, Kappa Sigma came out on top of the pack.

VOLLEY BALL: Kappa Sigma came out on top in the volley ball scramble downing the Sigma Chi squad in the pay-off game.

TRACK: Sigma Chi's cindermen collected heavily in the hurdles and jumps to pile up a comfortable lead in the 1950 intramural track competition and pocket the trophy.

INTRAMURAL VOLLEYBALL:
BACK ROW—Frank Silvey, Will Sims, Tom Bryan, Bob Madison.
FRONT ROW—Bill Lorentz, Jack Sohl, Jim Peretti, Howard Peretti.

INTRAMURAL TRACK:
BACK ROW—George Knoble, Jerry Gleason, Chris Small.
FRONT ROW—Al Meade, Dean Kennedy, Bob Miller, Don Grabow.

COACH: Congenial Bob Flieger, MSC gymnastics coach, has been managing the intramural schedules for several years. Last fall he substituted flag ball for touch ball in the football circles.

BOWLING: Phi Sigma Kappa's keglers kept up a hot pace through the season to cop the bowling trophy.

CROSS COUNTRY: Jim Ward, stellar Bobcat cinderman, won last fall's cross-country event. It was the second win for married Navy veteran Ward in as many years.

Copper for the Sinews of War

Or Cake in Your Oven—

ELECTRICITY Does the Job!

No matter what the job, electricity is available for service to Montana and its people—in peacetime and during this nation's mobilization for national defense!

Now, as at all times, there is ample electric power in Montana to meet the growing needs of its people. And there are considerable amounts available to send to other sections of the northwest.

As part of our pledge to assure you of the power you need, when you need it, we will begin operating our important new 66,000-kilowatt steam-electric generating plant at Billings during the coming summer. But that is just one phase of our program, which is going ahead all the time so that you, our customers, can have the electricty you need for the job you want it to do.

THE 'LONG DRIVE' CATTLE TRAIL

In the days of the West's great range the migration of cattle from southern states to Wyoming and Montana was known as the "Great Drive."

Historians emphasize that this "Long Drive was a well defined and established trail. It lay across the tablelands of western Texas into Kansas and crossed the Santa Fe Trail at Dodge. It continued past the headwaters of the Salmon, by Fort Hays and over the Republican, then onward to the South Platte, where there was a big cow camp, Ogalalla, referred to by early writers as the "rendezvous of the cowboys and the Texas Rangers."

From this point the "drive" followed the Platte over the Oregon Trail to Fort Laramie, then on over the Bozeman road. At times it skirted the Black Hills, and again it veered westward to the base of the Big Horn Range.

The long drive followed the tributaries of the Yellowstone to the Missouri, then over the trail of Lewis and Clark to Marias River.

A migration of cattle and cowmen from Texas to Montana took five months.

The "Long Drive" was the path to the expansion of the cattle industry, the origin of which on the North American continent was in southern Texas, eastern Mexico and California. The industry spread to Arizona, New Mexico, and then northward into Nevada, Wyoming, Montana, the Dakotas, and into Canada.

Dear Students:

With this letter the 1951 MONTANAN is complete. We have endeavored by incorporating school colors and campus scenes, to give you a book which will review this year at MSC.

First credit must go to Hal Lucius who took and processed the majority of pictures that appear in this book. Through his efforts we are able to give you fine quality pictures of campus life. A hearty thanks goes to Bertil Linfield, Chris Schlechten, and Bill Lovelace for taking nearly fifteen hundred studio portraits; to Rus Wilson of the Publication Department, who furnished the building pictures.

Thanks to Business Manager Don Elwell for doing a fine job of keeping the books in order; to Associate Editor Don Copley, for his tireless efforts in mounting and organizing; to Betty Reder, Office Manager, who efficiently managed the office; to Gwen Burke who wrote the many thousand words of copy; to John Coverdale who carried out an excellent advertising campaign; to Bill Arndt and Joan McCracken who furnished the sports copy; to Patty Norton who compiled the index; and, to Bud Buell who rounded out the staff.

To Max Davidson of the Publications Department who was always willing to assist; and to Louis True, our faculty advisor, a hearty thanks.

Many thanks to Ken Nuckolls of Artcraft Engraving and Electrotype Company who got us started in designing the book; to Jim Mapes and Bill Retchin of the S. K. Smith Company who designed and furnished the beautiful cover; to Bill Remington and Frank Cross of The Reporter Printing and Supply Company who worked tirelessly to give us a fine printing job.

Also thanks to the many typists who have kept the maze of words in order. It is impossible to name all of those who have contributed so much to this book. We hope the satisfaction of a job well done will be sufficient.

Now I would like to thank the student body for the cooperation they gave me and for the trust they placed in me, and I hope that I have been worthy of that trust.

Sincerely,

John Paugh, Editor
